## *Mr. Wilfrido*

Mr. Wilfrido is 70 years old and lives in Jojutla, Morelos, Mexico.

Unfortunately, he was one of the thousands of Mexicans who lost part of their home during the last earthquake in 2017, forcing him to live outside his house until he could rebuild it with government help.

Wilfrido is unemployed and lives with his wife who is 68 years old. To subsist, they rely on a small subsidy from the Mexican government and the meager income generated by the sale of beans and corn in a small local market.

On November 20, Mr. Wilfrido was diagnosed with a senile cataract in his left eye, a condition that greatly affected his daily activities and quality of life in relation to visual functioning.

Thanks to the donations of GlobalGiving and ACREC, Mr. Wilfrido was operated, now, the vision of his left eye has improved, affecting in a positive way his quality of life in relation to the visual functioning.

"I just want to thank you for the enormous help you are giving to my health and especially to my sight. Thanks to you I will be able to see better to do my activities.

God bless you and multiply you for all you do for the needy

Thank you very much."

# *Mr. Salvador*

Mr. Salvador is 77 years old and lives in Yautepec, Morelos, Mexico. He lives in a rustic home, made of adobe walls and tin roof, with his wife of 66 years who is dedicated to the home and his daughter of 33 years who is unemployed.

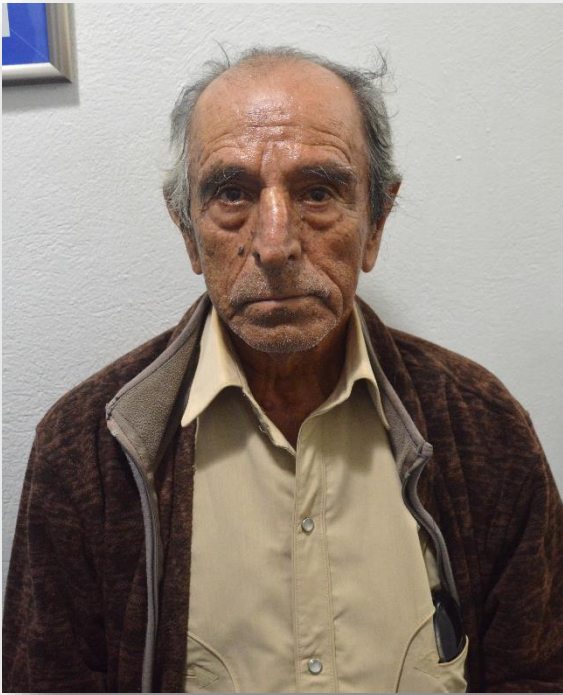

Mr. Salvador is retired and receives a little help from Mexican government programs, however, he often finds his income insufficient, mainly due to the high costs associated with treating his wife's diabetes and hypertension.

Since 2019 he has been diagnosed with senile cataract in his left eye, a condition that made his daily life difficult. After several efforts, and thanks to the donations of Global Giving and ACREC, Mr. Salvador was operated, now, his vision of the left eye improved, in addition, to some extent, the improvement of his vision contributed to improve his quality of life in relation to his visual functioning.

“To whom it may concern:

I thank you for the support you  
give me for my surgery.

Thank God and you.

Keep helping more people and  
God bless you all

God bless you.”

# Mrs. Agripina

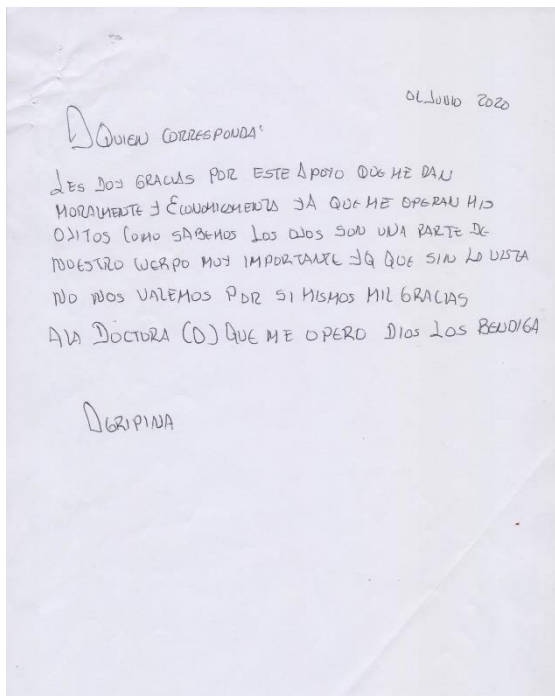

To whom it may concern:

I thank you for this moral and financial support, which helped me get my eye surgery. As we know, the eyes are a very important part of our body, without sight we cannot do things for ourselves.

A thousand thanks to the medical team that operated on me.

God bless you .

# Mr. Filimón

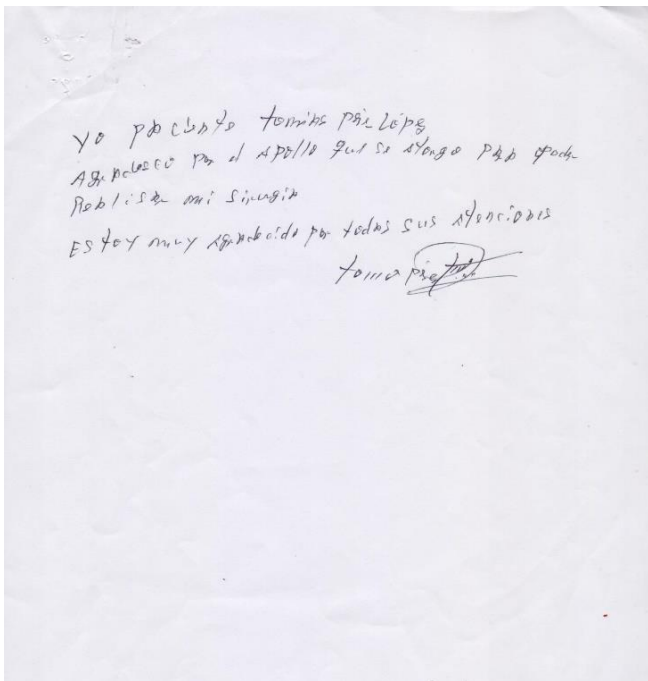

Yo Filimón Gutierrez Guzmán quiero  
agradecer por la atención dada hacia  
mi persona, que fue excelente y agradecer  
por el apoyo que me dieron, ya que  
gracias a eso podrán operarme mi ojo  
y poder ver mejor.
