"Salud Visual, Alimento de Luz"

Fourth Report 2022

GlobalGiving

October-December 22'

In the last quarterly period of the year 2022, 20 seniors were benefited with eye surgery, we are pleased to inform you that thanks to your donation through the GlobalGiving platform these people will enjoy a better quality of life.

Knowing that we have great people close to us who are willing to give generously is a great gift of life.

Thank you!

Sometimes we feel that what we do is just a drop in the ocean, but the ocean would be much less if it lacked a drop.

In this year that is ending we feel very satisfied for all that we have achieved together, more than 74 seniors had access to health services, eye surgeries, according to their own words it is a blessing that they can access a surgery that allows them to do their daily activities with greater security.

Herminio

Mr. Herminio is originally from Arcelia Guerrero and is 65 years old. Last year he got sick with Covid and since then he has not been able to recover economically, he has no public health services. He has two daughters who support him and his wife in whatever they need.

With a diagnosis of retinal detachment he underwent emergency surgery in the middle of the year, at the end of December he underwent surgery again, fortunately to date he is recovered.
