2022 First Report

Each start of a new year means for many people the arrival of fresh air, that has been seen after a 2021 marked by restrictions, uncertainty, fear and the evolution of a pandemic that, much to our regret, will continue to be present in our lives.

In Acrec we strive every day and continue working with professionalism and enthusiasm to help elderly people who need eye surgery. In this first quarter of the year, we supported 17 people for their surgery. In this way, each one of us, from his or her own corner, contributes a grain of sand to help older adults live their last years of life with dignity, because we know that they still have a long way to go. Thanks to all our regular donors and to those who are joining this cause. Let's keep on supporting, we still have a lot to do.

Thank you

"Your actions will have as much meaning as you dare to give them"
