REPORT

2025

MARCH - APRIL

Dear Donor,

On this occasion, we want to make a very special mention. With deep gratitude and great joy, we share the excitement we felt upon receiving a significant and unexpected donation in April from an anonymous donor. If you happen to be reading this, please know that your generosity has been the miracle so many eyes were waiting for. Thanks to you, adults in urgent need of surgery will have the chance to regain their sight. Your gesture has deeply touched our hearts and inspires us to continue this beautiful mission of restoring vision. In the coming reports, you'll see the tangible impact of your support. Thank you for trusting us!

Of course, we also want to extend our heartfelt thanks to each and every one of our donors—whether you give occasionally or support us on a recurring basis. Every dollar matters and is incredibly valuable in helping us achieve our goals. We wish the need were smaller, but unfortunately, that's not the case. So we continue working with enthusiasm for the well-being of older adults who depend on us.

Your trust in our work strengthens our determination to transform lives and face the challenges of visual health with hope and commitment.

Thanks to your support, we were able to perform 48 surgeries during this period, restoring light, autonomy, and quality of life to adults who can now once again enjoy their daily activities. Each procedure represents a renewed opportunity to reach personal goals, regain independence, and reconnect with life.

Your contribution is not just an act of kindness—it is the driving force behind our daily efforts. Seeing how your support results in real, life-changing outcomes motivates us and deepens our commitment to those who need it most.

At ACREC, we take pride in managing every resource with responsibility and transparency, ensuring that each peso received translates into the greatest possible impact. Your support is more than a number—it is a symbol of trust that guides us toward a fairer, more inclusive future for all.

We invite you to continue walking with us in this transformative mission. Thank you for believing in our work and for leaving an unforgettable mark on every recovered sight.

With affection and gratitude.

Isidra

I am grateful for the support provided to me to carry out the surgery, since my mother, in the condition she is in, has difficulties to lead a normal life, since she cannot move around by herself, do her activities or fend for herself.

I am grateful for the support you gave her, since we are moving from very far away and she does not have economic support. With this support she will be able to get ahead. I hope that, later on, she will be able to get ahead on her own.

Without further ado, I thank you.

Sincerely: Judith, daughter of patient Isidra

Por medio de la presente, agradezco a Global Giving, por haberme apoyado a poder pagar mi cirugía del ojo derecho, y darme la oportunidad de ver nuevamente, y no perder mi trabajo porque dependo mucho de él, ya que a mis 62 años ya es muy difícil encontrar otro.

Gracias Global Giving por darle luz a mi esperanza de volver a ver
