Special Report

Jul-Ago 2023

GlobalGiving

In this special report we want to share with you the great satisfaction we have to give an "extra" thanks to our loyal donors of this wonderful platform, during the month of August, we celebrated the month of the elderly, we visited the nursing home "Las Palomas" located in Cuernavaca Morelos and home to more than 20 seniors, we took on the task of bringing medical and ophthalmological services and attended in the clinic to seniors who required specialized services, some of them are still in the process for surgery. The work has been in conjunction with the people in charge of the nursing home and it has not been easy, it requires a lot of effort, however, the satisfaction is very great and we know that everything is worth it to see them well. In addition to this, as usual, we continue to support the elderly who come to the clinic and need eye surgery and do not have sufficient resources to cover their surgery. We appreciate the trust placed in our institution to continue supporting more grandparents and allow them to live the last stage of their lives with dignity. Undoubtedly they still have a lot to see.

Thank you
