GlobalGiving RECEADIT Drug Assistance for Internally Displaced People (39386) Project

RECEADIT Twenty Fourth Project Report of Tuesday, September 22, 2026

By Dr. Jilly M. Ngwainmbi - Project Leader

On behalf of our RECEADIT Humanitarian Team, I take this opportunity to thank you so, so very much for your generosity and willingness to join us and to partnership with us on our journey of serving humanity through the Guidance, the Blessings, the Love, and the Grace of God Almighty.

We are glad to provide you with the following progress report and updates for Our “Drug Assistance for Internally Displaced People Project (39386)” thanks to your generosity:

1) As we reported in our Project Report of May 30, 2026, we must still point out and emphasize with a lot of regret and frustration that because of the threat posed by Ebola now, Covid 19, malaria and the displacement of many people in the English speaking part of Cameroon where most of our RECEADIT Clinics at Kitchu, Mbam, Muteff, and Ngemsibo remote, rural communities are located, RECEADIT has turned its attention to and its focus on drugs/medication for the Internally Displaced People and Our new Medical School, Higher Institute of Health and Management Studies (HIHMS), which is designed to face the difficulties associated with finding medical workers. This explains why most of the Illustration Photos are about drugs/medication, student recruitment and food transportation and distribution to Our five Clinics (See First, Second, Third, Fourth, Fifth, Sixth and Ninth Illustration Photos);

2) Again, this our Twenty Fourth Project Report still focuses on our regrettable, renewed and continued concern for and the horrible and deplorable living conditions of some of Our Internally Displaced People within the Bassamba, Kitchu, Mbam, Muteff, and Ngemsibo remote, rural communities where our RECEADIT Clinics are located. These horrible and deplorable living conditions have, not surprisingly, resulted in our increased Vaccination, Home Visits, food assistance and our reopening of Our RECEADIT Clinic at Bassamba (See Sixth, Seventh, Eighth, Ninth and Tenth Illustration Photos);

3) Again, we continue to face a major challenge posed by the deplorable conditions of some of our Internally Displaced People. We are glad and very proud of our RECEADIT Medical workers who continue to do an excellent job by increasing and intensifying their vaccination of children in addition to providing food to our Internally Displaced People (See Seventh, Tenth, Eleventh Illustration Photos); and

4) As we reported in our Nineteenth Project Report of Friday, February 14, 2025, with the difficult and challenging conditions of Our Internally Displaced People, again we have deliberately decided to continue with the excellent idea of increasing Home Visits, designed specifically for: a) The provision of medical assistance and discovering of those who need accommodation and providing it; b) The discovery of those who need Food assistance and other needed items and providing them; c) providing medical care for new students in primary schools (See Sixth, Seventh, Eighth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, and Fifteenth Illustration Photos).

We will continue to provide you with monthly reports and updates of our other projects, activities, accomplishments, and challenges.

We hope that you will continue with us on this our journey of serving humanity through the Guidance, the Blessings, the Love and the Grace of God Almighty, a journey which has now taken us to this our “Drug Assistance for Internally Displaced People (39386)” through our new link: <https://goto.gg/39386>

Sixth Illustration Photo

Our RECEADIT Vehicle loaded with Drugs, Mosquito nets, Food Items, Medical Equipment ready to head to Our RECEADIT Central Pharmacy at the RECEADIT-CEMADIT Clinic at Kitchu, from where these items will be distributed to Our RECEADIT-GlobalGiving Partnership Clinics at Our Bassamba, Mbam, Muteff and Ngemsibo Remote, Rural Communities.

Seventh Illustration Photo

Our RECEADIT Ambulance, whose idea is new and based on the medical needs, recommendation and requests of the RECEADIT Community members as dictated by their challenging medical experiences and needs, is at this our patient's home ready to transport her to Our RECEADIT Clinic at Kitchu -Belo.

Eighth Illustration Photo

Our new RESEADIT Clinic, still under construction at Balaboh, one of the remote, rural communities whose idea came directly from members of this Community, prompted by the increasing deaths of members of this remote, rural community. The construction work was stopped by the Raining Season and it is going to resume in October and by November 2026 the Clinic will be fully operational.

Nineth Illustration Photo

One of Our New RECEADIT Biker who as usual is transporting Drugs, Mosquito nets, Food Items and Medical Equipment to Our RECEADIT Clinics at Mbam, Muteff and Ngemsibo remote, rural communities where Our RECEADIT-GlobalGiving Partnership Clinics are located.

Tenth Illustration Photo

One of Our RECEADIT Female nurses waiting for more of our Internally Displaced parents and Children who were scheduled to return on Friday, June 26, 2026 for their Free Medical Consultation. While she is getting the children ready for their vaccination in the New Building within the Ngemsibo remote, rural Community where our RECEADIT-GlobalGiving Partnership Health Center is located, she decided to take this Photo with the parents who have just finished their Medical Free Consultation.

Eleventh Illustration Photo

One of Our RECEADIT Female nurses waiting for more of our Internally Displaced Children and their parents who were scheduled to return on Friday, June 26, 2026. While waiting for others to join them, she is getting them ready for vaccination in the New Building with the blue roof seen behind in this Photo within the Ngemsibo remote, rural Community where our RECEADIT-GlobalGiving Partnership Health Center is located.

Twelfth Illustration Photo

Our female nurses on their Home Visits Program, attending to one of their patients at her home at Muteff where Our RECEADIT-GlobalGiving Clinic is located which is a remote, rural Community.

Thirteenth Illustration Photo

Our RECEADIT-GlobalGiving Partnership Medical Team on its Fourth Home Visits Program, after attending to our Internally Displaced school children and their parents on Friday July 31, 2026 at Mbam remote, rural Community where Our RECEADIT Clinic is located. It is very important to note that this photo has now become this Community's Foundational Photo and everyone in it, including the children, is its member.

Fourteenth Illustration Photo

Our Medical Team at Our RECEADIT-GlobalGiving Clinic at the remote, rural Community at Bassamba.

Fifteenth Illustration Photo

Our Medical Team Member attending to a child at Our RECEADIT-GlobalGiving Clinic at the remote, rural Community at Bassamba.
