THE BUTTERFLY TREE – MARCH 2020

CHARITY INFORMATION

The Butterfly Tree is a non-political UK charity and Non-Government Organisation in Zambia, founded in 2006 by Jane Kaye-Bailey, to support orphans and rural communities decimated by the HIV pandemic. The charity provides funds to construct boreholes, improve health and education facilities, feeding programmes, malaria and HIV prevention, community housing and an orphan support programme.

UK charity number: 1118084
Zambia NGO number: ORS/102/53/241

Governance
From its concept, the charity’s philosophy is to ensure that all donor funds go directly into the grass roots projects - no personal fees or administration costs are deducted. All members both in the UK and Zambia are volunteers.

The Butterfly Tree is a non-political, non-government organization. We promote equality. We do not discriminate against people on grounds of sex, race, disability or religion.

Operations
The Butterfly Tree is an all-volunteer organization both in the UK and Zambia. Amongst our team of volunteers are a retired Company Director, Financial Advisor, an Accountant, International Development Graduate, Head Teacher, former Chairman of the Provincial HIV and AIDS Board, Chairman of the Livingstone Malaria Board, a local Counsellor and an Environmental Officer. The charity operates in Warwick, UK and close to the Victoria Falls in Zambia, and invites tourists and incentive groups to visit the projects as well as global volunteers.

We maintain audited financial statements and accounts. Our website is donated, no offices are rented, and no members receive paid salaries. The Chairman funds the UK administration costs, minimal administrative costs are used in Zambia. Our base in Zambia is at Mukuni Village, 18 km from Livingstone.

Mission
• To advance the education in rural schools in Zambia by providing and assisting on the provision of education
• To relieve poverty and to improve the conditions of life in socially and disadvantaged communities in Zambia
• To preserve and protect the health of patients in rural health centers by providing and assisting in the provision of facilities, support and services and equipment

2016-17 over 97% of money raised during the financial year was used for our grass root projects
2017-18 over 98% of money raised during the financial year was used for our grass root projects
2018-19 over 97% of money raised during the financial year was used for our grass root projects
