## WHITE PASS SCHOLARSHIP FUND

Supporting the continuing  
education of our local graduates

# HISTORY

For 55 years, the White Pass Scholarship Committee helps graduates in the White Pass School District achieve their post-secondary goals--through a trade school, community college or university.

As a committee, we spend many hours going over transcripts, work history, community activities, and student essays and interviewing all the individuals who apply for scholarships. Our job is serious, impartial and unbiased in selecting recipients.

# LAST YEAR

With generous contributions by alumni, businesses and individuals, combined with memorial scholarships and proceeds from our annual auction the White Pass Scholarship Fund provided over \$40,000 in financial support to members of the White Pass JSHS Class of 2017. With this support, members of the Class of 2017 are pursuing continuing education ranging from trade school certificates to university degrees.

# NEW ADDITIONS

The Fresh Start Scholarship, awarded to former White Pass graduates who are returning to school and did not previously receive a scholarship.

Investments to maintain consistent average award levels regardless of class size
