

STAYING BOTHERED

Caring for Cambodia is part of the Staying Bothered global movement. Staying bothered means finding a cause that moves you and staying committed, because each one of us can make the world a little better. What bothers you? Volunteer, donate, speak up, organize! Visit stayingbothered.com for inspiration or to share your own Staying Bothered Story.

DONATE

Contributions directly support the education and healthy development of our students. Donations help us pay for teacher salaries, school supplies, campus maintenance, meals, uniforms and medical expenses.

CALENDAR OF GIVING

This monthly collection campaign offers an easy way to get involved by collecting items that are difficult to find in Cambodia, or too expensive for our teachers and students to obtain.

VOLUNTEER

Contact our volunteer team for information about individual, group, school or corporate trips to our campuses. Or you can volunteer remotely with one of our chapters: Singapore, Texas, Midwest, Northeast, California, Washington D.C.

“CFC is the standard of education in Cambodia. All things we have on our education roadmap are implemented in CFC schools.”

- HIS EXCELLENCY DR. HANG CHUON NARON, Cambodian Minister for Education,

ABOUT CFC

Caring for Cambodia (CFC) is a non-profit, nongovernmental charitable organization that provides free education to more than 6,600 impoverished children in 21 schools spanning preschool to high school. CFC professionally trains its Cambodian teachers and provides everything a child needs to succeed: food, clean water, uniforms, school supplies, computers, transportation and basic healthcare. CFC is run predominantly with the support of volunteers, which ensures that the dollars raised directly support our students and their education.

OUR HISTORY

When founder Jamie Amelio first visited Cambodia in 2003, she found a country rich in culture, history and beauty, but desperately lacking education mentors. Caring for Cambodia was founded later that same year and now with the help of over 4,000 financial supporters and a team of over 400 volunteers, we provide students with a world class education and the path to a successful future.

- 240,000** meals served monthly
- 20,000** toothbrushes provided yearly
- 6,600+** students enrolled per year
- 1500+** bicycles distributed to students
- 200+** professionally trained staff
- 21 CFC schools, including:**

- 12 preschools**
- 5 elementary schools**
- 2 junior high schools**
- 2 senior high schools**

MAKING AN IMPACT

Since 2003, CFC has invested over \$12 million toward education in Cambodia and is recognized as the official role model schools for the country, preschool through 12th grade. CFC maintains the lowest average dropout rates at 8% compared to 20% nationally and leads the country in preschool enrollment. Our teachers learn international best practices and share them throughout the country.

OUR GOAL

To secure a bright future through education for the children of Cambodia. We invest in the leaders of tomorrow by giving them a safe learning environment with trained, local teachers and the essentials for health and welfare.
