BACK TO SCHOOL

The opening of classes officially began on October 5, 2020 with blended modalities of learning (modular and online class) with 79 enrolled beneficiaries. Monthly educational incentives for load and other school expenses were provided.

Parents are now more involved in assisting their children in receiving and returning accomplished modules of their children. Children are required just to be at home for their safety from COVID-19. Most parents are hands-on ensuring the weekly submission of school tasks given to their children.
