ENGAGING YOUTH IN THE L.A.W.S OF LIFE (LEADERSHIP, ARTS, WELLNESS, SKILLED TRADES)

GLOBAL GIVING

The Apprentice of Peace Youth Organization is founded on the belief that all communities deserve equal access to educational opportunities.

This project is an attempt to bring much-needed funding Jaco, Costa Rica, for a community of 10,000 people, many of whom lack access to secondary and tertiary education opportunities. This funding, will help to increase opportunity for Costa Ricans to attain higher education and diversify their skill sets

CULTURAL EMERGENCE

It is our mission to engage youth and young adults in the L.A.W.S of Life (Leadership, Arts, Wellness, Skilled Trades).

In partnerships with Aurora Sister Cities we will be able to take 20 students involved in our programming to Jaco, Costa Rica for a cultural emergence experience to build and expand their skillsets.
