Objectives

Through high quality and personalized attention, our team creates a warm environment that allows to dignify the homeless person we serve.

Dignification – Panabus Attention

Mr. Cesáreo Vásquez, a Spaniard at his 72, worked as a mechanic in Venezuela. After losing his job four years ago, he became homeless. Hogar San José, an ally that supports elderly people, gave Cesáreo a place to stay, where he spent his last 4 months of life, in dignified conditions, under a roof and accompanied by good people.

This job is occupied by people who use to be homeless and, after a rehabilitation process, now are part of the Panabus team, making a difference in homeless lives.
