TOKA is a youth development non-profit organization. We started operating in 2015 and since then have more than 15,000 alumni and 20,000 volunteering hours devoted to making Kosovo a better place.
Dear TOKA Donors, Thank you for supporting TOKA on GlobalGiving.com.

In the second quarter of 2020 we worked towards finding the new generation of Super-Mentors and Super-Teachers who will continue their journey of Service-Learning during 2020.

With Open Call for new mentors and teachers, we have managed to get 500 applications!

Our big Service-Learning Family!
All potential applicants will join the big family of Service-Learning, thus further contributing to the development, education, and growth of the educational capacity of the youth, students, and the community.

So thank you very much for your support so far and we are very happy that you are part of our journey in the growth and development of our youth!

The Super-Volunteer Group United donated a TV set for the The Elderly Care Home in Prishtina
