## TOKA Global Giving Project Report 9

TOKA is a youth development non-profit organization. We started operating in 2015 and since then have more than 15.000 alumni and 20.000 volunteering hours devoted to making Kosovo a better place.

What have we been up to?

Thanks to your generous support, since July, we have organized and run 5 online camps with over 100 participants across Kosovo and 1 online Service-Learning training with over 70 participants. The TOKA team and our participants across Kosovo have adapted to the challenges posed by the pandemic and are continuing our important work. We hope you enjoy reading about each of the projects and how your support is positively impacting Kosovo youth.

**Girl Power Up Camp:** For two days, a group of young girls participated in the online camp as part of the 'Girl Power Up' program where they learned how to write a CV and how to prepare for a professional career.

**Culture Camp:** as part of the Culture Camp , the campers were divided into 4 groups and each group worked on creating different projects.They learn arts skills, but also collaboration, leadership, team building, project planning and execution, etc.

**Youth Mentors Camp:** This camp gathered 25 mentors from 9 different Kosovo's municipalities. The camp trained young mentors with new skills that they will pass onto future generations.

**Volunteer Work Camp:** This camp developed the skills and abilities of 40 participants who are part of the Super-Volunteer clubs. One of the projects was creating over 200 protective face masks which they donated to the Home of the Elderly in Prishtina.

*TOKA donating +200 masks from the Volunteer Work Camp 2020 to the Home of the Elderly in Prishtina.*

**Active Citizens Camp:** The club leaders have finished another online training and during it, they have expanded their range of skills. To fully deserve this title, they prepared welcoming packages for freshmen of seven high schools of Kosovo which they distributed in the first week of the new school year.

**Service-Learning Training:** This year, we received over 500 applications for Super-Mentors and Super-Teachers<sup>1</sup>. After very careful evaluation we managed to select 77 potential Super-Mentors and Super-Teachers who were trained and will continue the tradition of Service-Learning in Kosovo.

The Service-Learning training was held in a different form this year, online, but the dedication and energy were the same as every year. Participants

The Super Volunteer Club "Altruists" signed a memorandum of understanding with the municipality of Kaçanik and "Pastërtia" for the project "Let's walk healthy and safe". This project will include providing these towns with 13 manhole covers, 3 wooden seats and 5 trash cans

We've reached more than  
100,000 users online.

## Next steps

1. 4 upcoming camps
2. Service-Learning Conference
3. Youth recruitment for the new generation of Service-Learning clubs

# THANK YOU!
