Who are we

GEM-Liberia is an institution that promotes women and children empowerment and protection. GEM was established in 2005, by International Global Courage Award Recipient, Madam Davidetta Togba Cassell, as a means to champion girls' education and protection. Later in 2016, based on the level of impacts and contribution to both women and children, it was elevated to not just a girls' focus group, but extended to all vulnerable women and children including young people and the disable as well.

Our Vision is to have a place where everyone has a safe space to develop his or her fullest potential.

Our Mission Is to end inequality by empowering vulnerable women and children to become productive citizens.

Motto: Transforming Liberia via Empowerment

Our Goal is help every person reach their potential with specific focus on empowerment and economic sustainability through

1. Increase access to education for women, girls;
2. Increase the socio-economic empowerment of women and girls
3. Increase women's participation in agriculture
4. Increase excellent performance among school-going-children
5. Increase protection for women and children

Our Objectives

1. Provide support for girls education
2. Provide support for women agricultural engagements and economic capacity building by creating set of inter-linked initiatives towards a more vibrant, equitable and sustainable agricultural value chain among women farmers.
3. Provide support for women job security and employment.
