

Our Services

HOMELIFE:

Creating a Loving and Secure Environment

Our Homelife services are designed to provide love, care, safety, and protection to the children in our care. We prioritize their basic needs and other essentials such as formula milk, diapers, clothing, teaching children basic chores, personal hygiene & self-care, and provision of balanced and nutritious meals.

EDUCATION:

Empowering through Learning

Enhancing the learning capacities of our children and promoting their educational advancement is a crucial aspect of our program. We enroll children in public schools within the area for those in Day care, Grade 1 and above, coordinating closely with teachers and monitoring their academic and behavioral progress.

HEALTH & MEDICAL SERVICES: Ensuring Physical Well-being

We prioritize each child's health and medical needs to support their physical growth and development. Our Health & Medical Services include:

- Hospitalization as needed
- Immunizations
- Medical laboratory tests
- Surgeries
- Provision of vitamins and prescription medicines to treat illnesses

SPIRITUAL ENHANCEMENT: Nurturing Values and Character

We teach our children fundamental Christian values, cultivating a sense of love, compassion, and responsibility towards others and the community.

We strive to instill strong moral and spiritual foundations in our children through various values formation activities at home and in collaboration with partner organizations.

Our Mission / Goal

- To serve God and bring Christ to the lives of abandoned, neglected, surrendered and foundling children by providing love, care, and basic needs.
- To pursue active advocacy on the rights of the children.
- To sustain partnership with churches, government agencies and NGO's through collaboration and networking

OUR GOAL

To provide safe and secured family environment to the children to help them attain holistic life by providing shelter, spiritual formation, psycho social and socio-cultural services.

PSYCHO-SOCIAL CARE SERVICES:

We provide comprehensive psychosocial care services, including psychological assessments for children aged five years and above.

This enables us to identify and address behavioral concerns and delays in various child development domains, such as gross and fine motor skills, cognitive abilities, language development, self-help skills, social-emotional well-being, and spiritual and moral development. We offer interventions such as occupational, speech, and physical therapy to support children in overcoming specific challenges.

ALTERNATIVE FAMILY CARE (ADOPTION):

Seeking the Best Interests of the Child

At Tahanan, we are committed to providing children with the best possible option for their well-being, including the possibility of placement through foster care or adoption. We ensure that caregivers assuming care, custody, protection, and maintenance of residents for adoption, guardianship, foster care, or kinship follow legal procedures under the law.
