Empowering the trash dump community in El Ocotillo, San Pedro Sula

With support of:

GlobalGiving

April
NEWSLETTER

Good news!!!!!!!

- The 1st phase of the nursery done!
- Covid vaccines for students, medical and dental brigade on May 7th!
- School supplies and food for everyone given by friends and community leaders.
- Learning about Montessori Methodology for children from 0 to 3 years old.
- We have had several media coverage from national news.
- We will celebrate Mother's Day with a big party!

We still need **YOUR** support in:

- Our **FEEDING OUTREACH PROGRAM**. We feed kids every day and we are getting really short in providing this crucial service for them. Children come to school without having had dinner from the day before. We pray that with your support we can continue this program.
