

Kenya Autism Alliance

“I have Autism but Autism doesn't have me”

At **Kenya Autism Alliance**, we strive to improve the lives of all Africans on the Autism spectrum and the families who support and love them. We empower individuals, parents, and carers with high-quality resources and information to ensure that they receive the support that they need. We advocate inclusion for individuals on the Autism spectrum. It is our hope that our efforts will lead to earlier diagnosis and access to more meaningful supports that can help people with Autism reach their full potential.

We Are Creating
**AWARENESS,
ACCEPTANCE & INCLUSION**

Our History

Kenya Autism Alliance was created in 2011 and has long advocated for the cause of Autism throughout the African continent. We are an established 501(c)(3) non-profit organization supporting people with Autism in Africa. Our organization was formed with the goal of creating awareness about Autism and providing information and resources to individuals, parents, and carers in the hopes of enhancing the quality of life for people on the spectrum.

Our Mission and Vision

Creating Autism Awareness throughout the African continent by walking this journey with families who are affected, and by offering hope and resources such as training that will help shine a light to the future of our children.

“Do not fear people with Autism, embrace them, Do not spite people with Autism unite them, Do not deny people with Autism accept them for then their abilities will shine.”

– Paul Isaacs

Our Commitment

To be a voice to the voiceless, to eliminate the stigma that Autism is a curse or a shame. At **Kenya Autism Alliance**, we strive to empower individuals with Autism to reach their full potential.
