

Story Tapestries, a 501c3, is a leading education organization that supports youth and community development utilizing:

- arts
- literacy strategies
- STEAM (Science, Technology, Engineering, Arts and Math)
- social development

Educators feel reinvigorated and reconnected to what inspired them to teach. **Students** build their confidence and learn to take pride in their own work.

EDUCATE

Youth demonstrate (as reported by their teachers)

25-50% improved test scores

25% increased attendance (ave. 90%)

& classroom engagement

increased understanding of 80%

academic material

ENGAGE

Story Tapestries is on track to reach 15% more people each year with direct programs. To achieve this growth rate and impact more lives, we collaborate with strategic partners who are committed to reaching aligned goals.

Our **VISION**: to be a **full-service organization** serving youth at every stage of their lives and in every environment - school, home, and in the community. We aim to serve Pre-K through High **School** students as well as support the transition to secondary education and the workforce.

Executive Director, Arianna Ross

OUR MISSION

Story Tapestries, a 501c3, combines arts, literacy strategies, and STEAM with social development to educate and empower children and adults to create a self-sufficient community and learning environment. These custom designed programs, made accessible to all, promote a multi-literate society and the development of successful community members.
