GREAT MEN OF INDIA

Dr. B. R. Ambedkar

Bhimrao Ramji Ambedkar, also known as Babasaheb Ambedkar, was an Indian scholar, jurist, economist, political and social reformer who inspired the Dalit Buddhist movement. He was born on 14 April 1876 and died on 6 December 1956. He studied in London School of Economics and Political Science (1911-1922). He was an Indian scholar, jurist, economist, politician and social reformer who inspired the Dalit Buddhist movement and campaigned against social discrimination towards the untouchables (Dalits), while also supporting the rights of women and labour. He was independent India’s first minister of law and justice, the chief architect of the constitution of India, and a founding father of the republic.

GOOD VEGETABLES

**VEGETABLES**

- Eating vegetables provides health benefits for health and maintenance of our body.
- Most of the vegetables are naturally low in fat and calories.
- They are a great source of vitamins and minerals.
- Some vegetables have water content and reduce dehydration.

SAVE WATER...

... SAVE LIFE!

**SAVE WATER, SAVE LIFE.**

Water is necessary for life. Water is needed for our agriculture. People don’t have enough water to fulfill their basic needs. India is one of the countries that are facing water scarcity today. Women have to walk long distances to collect water. Water is basic need to everyone. Rainwater harvesting is the best and suitable method to save our world. Don’t let your water consumption out of control.

MY EXPERIENCE IN THIS SPACE

I love my Thamarai. My Thamarai is a very beautiful place. There are hundreds from age 6 to 14 are studying here. When I am here I feel very peaceful. We all play together I sense Unity. When I am here I learn to play lot sports and games, many more etc.

I Keerthana
K. A

THAMARAI

Thamarai is a wonderful after school. We all use play lot of games and team work. In Thamarai all or equal. Thamarai gives more class and games etc. Example: computer class, yoga class, maths cube class, dance class, tanukando class. They or teach in Thamarai.

I Love Thamarai

What is the Rubik’s Cube? Find the 7 differences...

The Rubik’s cube is a 3D combination puzzle invented in 1974 by Hungarian sculptor and professor architecture Ernő Rubik. Originally called the magic cube, the puzzle was licensed by Rubik to be sold by Ideal Toy Corp in 1980 via businessman Tibor Laczi and seven towns founder Tom Kremer. The first world record was Melbourne Summer Open 2010 on 30 January 2010, Zemdegs set his first world records for 3x3x3 average and 4x4x4 average with times of 9.21 seconds and 42.01 seconds respectively. The current record was done by Yu-Jin Gu for 3.47 seconds.
