A MOTIVATION FOR LIFE

Working with community

- ✓ Family counseling home visits.
- ✓ Constructive advice, where conditions are evidenced and land is evaluated.
- ✓ The families and community commit to work to achieve the development of the territory.

Some goals...

- ✓ Families and community **committed** to the Project.
- ✓ The community identifies with its past, to recognize learning and **replicate it today**.
- ✓ The route is built to begin community work and the **reconstruction** of the social fabric.
