WEAVING URABÁ, A SEA OF OPPORTUNITIES

The *Weaving Urabá, a sea of opportunities* project, allows the Fundación Apostolado la Aguja to establish strategic alliances to improve the living conditions of the most vulnerable families in Urabá.

Thanks to the sum of **wills and donors**, it was possible to change the reality of 12 families, who now have a new stimulus to move forward, strengthen themselves as members of the household and visualize a better future in the community.
