**THE NEW YEAR AND CHRISTMAS ARE ALL ABOUT SHARING HOPES, WISHES, GIFTS AND CARING FOR EVERY CHILD!**

Bridge of Hope organized a big New Year and Christmas event for children with disabilities to express their hopes and wishes for the new 2023 year and celebrate the birth of Jesus Christ. We wanted children to understand the spirit of Christmas which is all about sharing and caring.

It was an amazing event for the kids. The buildings of our centers were decked up with stars and Christmas lights. The Christmas tree was decorated by children

and their parents. New Year and Christmas songs filled the air. There was happiness and excitement in our children's eyes.

The entire event was organized by the donations of individuals through the Global Giving and a group of volunteers who contributed their time and efforts for the event to become a grand success. At the event, parents and the teachers of children with disabilities and community members from different services were also present. Together, they wanted to spread the message of love and kindness. "New Year and Christmas are all about sharing hopes, wishes, gifts and caring for each other. We played games, danced, and sang with children. The event was a fun for every child", said Seda - one of our event volunteers.

All of our children had a lovely time together.
