### Why Sponsor?

Poverty is common among Sudanese REFUGEE families in Uganda. Many children become orphans due to war and disease. By sponsoring a poor boy or girl, you will be able to give the child care and education. Our charity is very effective in terms of providing help. Sponsoring a child ensures that he or she will get food, clothes, and medicines by staying in boarding school, and children attending nursery school are day comers. Sponsorship also includes school fees and books. We believe that the only cure for poverty is education, which is why we put school first. Our sponsored children will be studying in Uganda. Our sponsored children will be studying in schools around in Uganda.

This scholarship program is vital because these families do not receive any economic support to send their children to school, and education is not free in Uganda.

Remember! As the first charity in Magwi County, we will make it easier for you to communicate with your sponsored child if you like. You will have control of how your money is being spent and we will also give you a closer personal relation with the child. ***Please note that the money from the sponsor goes to the designated child. Our administrative overheads are funded from other foundations.***

### Your donation gives you the opportunity to:

- correspond via e-mail with your sponsor child
- receive quarterly reports
- obtain updated information about your sponsor child

**After secondary school, the children will get a special education in:**

- Integrity and Positive thinking
- Goal setting
- Self-confidence building
- Human relations
- Success principles
- Entrepreneurship
- How to choose and get a job
