Hi to Everyone,

We would like to appreciate everyone for the continued support to the orphans and vulnerable children of Magooli community.

### **Term two:**

The second term reopened on 22 nd of May and it will close on 18 th of August.

### **Poultry farm:**

We are so delighted for our poultry farm that continuously provide eggs to children.

### **Visitors:**

The school hosted Isabella from Germany who came to visit our children and the project.

### **Challenges:**

The school is faced with many trespassers who have caused a very big loss to the school. Firewood, corns, mangoes have been stolen from school due to lack of a fence.

Blessings!

*Joseph Zalambi*

## SCHOOL UPDATES:

- Term one went very well! The children, as always, did very well overall and were excited to be back at school.
- Term two is well underway.
- Three of our teacher were selected to attend a Continuing Professional Development (CPD) workshop organized by the district

## SUSTAINABILITY UPDATES:

**Vegetables:** Sweet potatoes are healthy – should be ready to harvest mid August

## SPORTS UPDATES:

We are looking to equip the school with sports supplies so that MCEC may compete in the district wide sports competition. The school needs to raise \$700 for supplies for volleyball (net & posts), netball (posts & jerseys), and football (jerseys). Donations towards the sports equipment can be made on the website or via GlobalGiving – thank you so much!

## URGENT NEED: FENCE

Currently, our biggest issue is a lack of a fence. There have been a lot of issues from trespassing, to theft, to cows charging & crushing crop, and we are at the point where it not only costs us to not have a fence, but it is also a safety issue.

The fence is expensive (\$10k total, \$8k to go), so we are working it in stages and doing what we can when we can. Fence poles have been made on school property to help reduce transportation costs. Next is to dig the ground and plant the poles around the property. Then we will purchase the chain link and fence in the property in stages.

Once the property is fenced in the children, crops, and building will be safer from theft, intruders, and outside animals. Donations towards the fence construction can be made on the website or via GlobalGiving - thank you so much!

## PAINTED CLASSROOMS!

As you may have noticed, MCEC has been partially painted! This is a huge deal and the children are so excited by it. In many areas of Africa (including where MCEC is located) paint is very expensive and seen as a luxury. However, paint also has a huge effect on mood and can help to keep the children inspired throughout the long days. So far we have been able to paint seven classrooms, one latrine and the dining hall. The children love it and are asking when we can paint the rest! Thank you to everyone involved in this project!

## EASTER CELEBRATION

In April, the children had an Easter celebration with food and games! The children had a wonderful time and it was a great day overall

## CCCU VISITOR

CCCU had a rep from TerraTech, Isabelle, come to visit the school. She came to visit with the children and see the most recent construction project in action! The children had a great time with Isabelle, thank you for coming!

## GLOBAL GIVING BONUS DAY

Global Giving is once again hosting a Bonus Day on July 12th! This is a matching campaign that was created to celebrate the big donations, and help the smaller ones get that extra boost.

On **July 12th from 4pm until donations run out, donations of \$100 USD and up will be matched** - the higher the donation, the higher the match!

The July Bonus Day campaign will have a Matching Fund of \$400,000 USD.

While funds remain, the following matching structure will apply:

- Donations of \$100 - \$499 USD will be matched at 30%
- Donations of \$500 - \$749 USD will be matched at 40%
- Donations of \$750 - \$1,000 USD will be matched at 50%

**\*DONATIONS MUST BE MADE VIA GLOBAL GIVING\***
