

Seeds of **Hope**

Success **Stories**

from

Rainbow **Upper Primary
School**

Where It **All** Began.... Guntur's **Forgotten** Slum

BASS identified the need in
Chandra Rajeswararao
Nagar, Guntur.

9,000+ families, lack of
education, child labor risk.

Danger of traveling 7 km
daily for school.

The Birth of a School

— A Ray of **Hope**

BASS launched the school in 2012 with **Bet Lev Foundation's** help.

Now with **8 classrooms**, it's a beacon of **CHANGE**.

Peram Ahalya - **Dreams** with a **Decade** of Support

From cement laborers' daughter to a 10th-grade student

Inspired by teachers, supported with a bicycle

Aspires to be a **Scientist**

Ahalya grew up in a **slum** where dreams rarely **survived**. Her parents, cement **workers**, struggled to feed the family — let alone educate their children.

Today, Ahalya is in **10th class** determined, focused, and proud. She wants to become a **scientist** and lift her family out of poverty. ***Her journey began with one school that believed in her.***

They taught us everything
– with love, care, and
songs.

Education That Uplifts an Entire Family

- Ahalya was the first **spark**.
Her journey through BASS inspired her entire **family**.
- Her elder sister, **Amulya**, followed in her footsteps —
now in **10th class**.
Her younger brother, **Akshith**, is proudly studying in
6th class at **BASS** today.
- One school... three lives **CHANGED**.
An entire family lifted through learning.

Jyothi's Journey – Rising from Loss

- Jyothi lost her **father** at a young age. Her mother, Vijaya, **worked** tirelessly, doing everything she could.
- Then came BASS — with **free education, daily meals**, and most importantly... **hope**.
- From 1st to 7th grade, Jyothi found more than learning. She found **safety, encouragement**, and a reason to smile again.
- Today, she stands strong in 10th class — proof of what care can **ACHIEVE**.

The teachers didn't just teach
us math and science —
they sang with us, played
games, and made us feel
special.

For children like Ahalya and Jyothi, it
wasn't just a school —
It was a place where they were **seen**,
heard, and **loved**.

More Than a School – A Family

- **Safe Space for Growth:**
The school fosters emotional safety, providing mentorship and support that helps children overcome personal hardships and build confidence.
- **Building Life Skills:**
Students learn resilience, teamwork, and empathy — lessons that extend beyond the classroom and shape their character.
- **Community Spirit:**
The bond between students, teachers, and parents has created a supportive community where every child feels valued and heard.

She walks **long** roads.
She **studies** late at night.
She dreams **big** in a
small room.
And through it all...
She rises.

Bicycles, Books, and a Better Tomorrow

- For Girls like Ahalya and Jyothi, the dream didn't end at primary school. But high school was far, the roads were unsafe, and daily transport was unaffordable.
- Then came a simple, life-changing gift — **a bicycle**.
- That two-wheeled **hope** became their bridge to continue learning. No more missed classes. No more fear. Just **freedom** to ride toward their dreams.
- And even after primary school, **BASS never let go** — They continued to support these girls through high school and **beyond**.
- Because when someone believes in you, the journey doesn't stop at the gate.

Your Support = Their Future

- Every child in **Chandra Rajeswararao Nagar** carries a dream ,but not every child gets the chance to **chase** it.
- Ahalya and Jyothi were among the lucky few... Because **someone like you** chose to care.
- With your **support**, we can reach more children still waiting...

For a **classroom**.

For a **kind teacher**.

For one hot **meal**.

For a **bicycle** to school.

📌 Here's how you can help:

- **Sponsor** a student's education
 - Donate school **supplies** or **transportation** support
- **Volunteer** your time or skills
 - Spread the **word**

Thank You!! for Believing in Their Dreams....

Because of **BASS**,
She is no longer **Forgotten**.
She is **Educated**.
She is **Confident**.
She is **Unstoppable**.

- "Together, we're **changing** stories." From broken **beginnings** to brave new **futures**.
- Because of your **compassion**, girls like Ahalya and Jyothi are not statistics — They are **Students. Dreamers. Future leaders**.
- Every **smile** in this room, every child in **uniform**, every exam passed, and every graduation celebrated began with **one person** who chose to **care**.
- You are that **person**. Thank you for believing in their dreams and making them **real**.
