

## मानवतालाई रयाल गरौं, दुव्यवहार (लान्छना र विभेद) नगरौं

कोभिड - १९ सँग जोडेर गरिने दुव्यवहार, मान्छेको स्वास्थ्यसँग गरिने दुव्यवहार हो । यो समान लक्षण र रोगको सामना गर्ने व्यक्ति वा समुहसँग गरिने नकारात्मक व्यवहार हो । कहिलेकाहि यो विषयलाई मान्छेको व्यवसायिकतासँग जोडेर हेरेको पनि पाईन्छ । उदाहरणको रूपमा हालै कोभिड - १९ को उपचारमा अग्रपंक्तिमा रहेर खटिइका स्वास्थ्यकर्मीलाई गरिइएको नकारात्मक व्यवहारलाई लिन सकिन्छ ।

“ कोभिड - १९ भाईरसका कारण लाग्ने सुरुवा रोग हो । यसले जसलाई पनि संक्रमित गर्न सक्छ । मानिन्छ भाईरसले कसैलाई भेदभाव गर्दैन, त्यसैले हामीले पनि कसैलाई भेदभाव गर्नुहुदैन । ”

## CORONAVIRUS CIVACTS CAMPAIGN

The Accountability Lab was founded in early 2012 as an effort to work with young people to develop new ideas for accountability, transparency and open government. It has evolved into a global network of local Accountability Labs that are finding new ways to change mindsets, solve intractable challenges and build “unlikely networks” for change.

Situations like the coronavirus can quickly become a catalyst for social conflict due to misinformation, rumors and fake news. The goal of the Coronavirus CivActs Campaign (CCC) therefore is to ensure an open, inclusive and people-powered pandemic response in Nepal, Pakistan, Mali, Niger, Nigeria and South Africa, through multi-way communication with communities. This enables people to ask questions, voice concerns, receive validated information and provide feedback on the response.
