
Implemented BY: Disable Development & Educational Foundation (DDEF)

PROJECT SUMMARY:

- **WHO ARE YOU HELPING?**

  With emerging of COVID-19 coupled with traditional issues that marginalized girls and women across the globe including Bangladesh from March 2020; the vulnerability of girls and women has increased to the greatest extent. This was confirmed from a mini research that was conducted by DDEF from February to September, 2020; when it registered 20 girls for its designed program on Home Economics; 50% only reported on the 30/9/2020 and the balance of 50% dropped out because of those.

- **WHAT ARE YOU DOING?**

  Planning, measuring and counting to implement adequate service delivery in action on free health instrument services as well as food distribution services.

- **HOW ARE YOU DOING IT?**

  Employing more staff in the office. Also by assisting Government in social service as well.

- **Where you are doing?**

  Post: Raihanpur under district of Barguna at Barishal Divisions of Bangladesh.
Requested Funding Amount: $ 90,000.00

PROBLEMS OR CHALLENGES:

- **WHAT CHALLENGES ARE YOU ADDRESSING?**
  
  Although girls and women have long history of marginalization, globally; it is unfortunate that, the majority of girls that are going to school at Angic public primary school at Barguna Bangladesh, in particular; are faced with the extreme high rate of school dropout because of the same; given that: this school had been the waste performing primary school with the district; with the emerging of COVID-19 from March, 2020; the situation is more than double.

- **WHERE ARE YOU ADDRESSING THE PROBLEM?**
Barisal division are where fundamental needs accommodations are totally deprived off.

- **HOW DOES THIS PROBLEM IMPACT THE COMMUNITY?**

This area is deprived of provide COVID-19 safety action for the day labor as well as persons with disabilities needs. Distress women, adult and children are the worst sufferers as without proper support of treatment they fail to realize their full potential & unable to contribute community as well as to national development process.

Solution: Given that: the spread of the virus is scaling down globally; with the advice from World Health Organization that: Handwashing remains the No. 1 tip for preventing the spread of COVID-19; DDEF is therefore contented that, to promote quality, sustainable and potential education in Barguna district; the organization will continue to advocate for the prevention of COVID-19 by providing homes, schools and Hospitals with liquid soap and face masks.

**Potential long Term Impact:**
DDEF has designed a program of Home Economics; that is, meant to train and employ those increasing high rate of girls dropping out of school from school; beginning with 10 girls from Village of Raihanpur Barguna District, Bangladesh. As a means of piloting the ongoing program at Raihanpur.

**Project message:** Implementation the project health instrument as well as food and cloth for the rural poor and persons with disabilities at Barisal Division of Bangladesh.

**Brief history:**

Disable Development & Educational Foundation (DDEF) has been established for the socio-economic development of Bangladesh. Most of the people live in rural areas. They live in an underdeveloped situation. They are always embraced with poverty. The government's initiative is not available for our underdeveloped economy. So we need most to make people more conscious and to alleviate poverty. Participation of NGOs and donor agencies is essential. This is why the Disable Development & Educational Foundation (DDEF) was established. From the beginning, this forum has been working in rural poor and urban slum communities. Through Barguna district, it has worked on literacy, health, nutrition, WASH, research, and family planning. And it has been trying to get funding from government and foreign sources.

**Year of Establishment:** 1 January 2001
**Legal status of the Organization.**

ORGANIZATIONAL MANAGEMENT OF DDEF

DDEF has got a three tier organizational structure. Those are ---

- The General Body
- The Executive Committee
- The Advisory Committee

DDEF comprise a 23 member’s General body and 7 members Executive Committee (EC). The Executive Committee is elected for a two-year term by the general body in every alternative annual general meeting. The executive committee is solely responsible for all the activities of the organization.

The Executive Committee selects an Advisory Committee comprising members, including the persons with varied expertise and knowledge in the relevant field, dedicated community organizers, local elites, members of the local authority and most popular and acceptable personalities of the community. Members of this Advisory Committee would contribute to DDEF for its proper implementation of programs and survival.

The General Secretary is carrying out the responsibilities of program implementation, all administrative and support services of the DDEF secretariat. The General Secretary of the organization is working as the ex-officio Member Secretary and the Executive Director of DDEF Secretariat.

The Executive Director is responsible for day-to-day activities of the organization. The staff members provide their every support to the Executive Director and perform their activities with full responsibility. A well-motivated and well-coordinated team of staff is making their endeavors to contribute to the mainstream development of the community. Performances of all the staff members are evaluated systematically and periodically.

FINANCIAL MANAGEMENT:

Over all financial activities of this organization will be governed by specific organizational financial management system. Financial management team of DDEF well organized. Regular participation of the general members is a great source of inspiration of the management team of DDEF. Accountability of the Organization management to its members is positively controlling the behavior, attitude and role of the members of the management team. The Financial management of the organization is...
very much systematic and transparent. So, that any difficulties or problem of this organization could easily be removed or solved without hampering the activities or objectives. There is no history of mismanagement and misappropriation of resources of the organization so far. The financial matters are handling with special care and due accountability. All financial transactions and accounts are maintained systematically and through a bank account.

• The Chief Executive would be the overall responsible person of all activities of the organization. He would be accountable to the Executive Committee (EC) regarding the implementation of the Project.
• The General members of this organization are the main steers of financial monitoring. The General members review and approve the annual financial budget and activities in the Annual General meeting (AGM) each year.
• The Executive Committee would also be done through quarterly meeting and regularly verifies all organizational activity expenses.
• The Executive Committee is the responsible tire for implementation of activity and finance of the organizational decisions taken by the general members.
• The member secretary / Chief Executive, on behalf of the executive committee takes over all responsibility of executing the decisions of EC and the General Body.
• The staff members and senior staffs provide their every support to the chief executive and perform their activities with full responsibility

PROCUREMENT MANAGEMENT:

The procurement of goods or services will require complete recording and the expenses must be substantiated by proper documentation. Note that expenditure may not be accepted to the management or donor for procurement if those are not budgeted, allowable and reasonable. A procurement procedure must be followed. In case of extreme emergency which prevents to follow the procedure, prior permission must be sorted from the management. Administrative negligence or delays caused by poor management cannot be invoked to skip the normal procedure. The procedures to be followed for procurement of supplies are listed below.

Approval Committee: A list of approval authorities for procurement along with their approval limit should be kept prior to procurement. The Executive Director/Executive Committee of the organization must approve this list.

Procurement committee: The organization should form a procurement committee consisting of at least 2/3 members. The Executive Director and the accountant should not be included in this procurement committee. The Procurement committee will send their recommendations to ED or his/her designated person will finally approved but ED will remain accountable for all procurement.
Reporting System

**DDEF** Follow a regular and systematic reporting process using different monitoring and format Accounts coordinator collect data and prepared quarterly, half yearly and annual report of the organization. Chief executive /Director verify all information of the reports and presents in the EC meetings and General meetings regularly. Every donor give their prescribe financial format for monthly, quarterly and yearly report. **DDEF** follow all of those format for financial reporting. **DDEF** also prepared trail balance, R&P, income expenditure report and balance sheet every year for face internal, External and Donor Audit. **DDEF** s have no extra computerized Accounting system but they prepared all of report in computer donor prescribe format.

Audit System:

**DDEF** recruitment of Audit system was very transparent. The project accounts of the organization shall be audited at the end of project or yearly or as to be suggested by concerned donor/funding organization. The consolidated account of the organization as a whole would be audited at the close of each financial year or above mention period . The auditor shall be appointed by the Chief Executive with the approval of the Annual General committee(AGM). For ensuring better financial control the Chief Executive may arrange internal audit for any of the projects or the organization at interval. The Auditors will submit their report addressing the Executive committee.

- To conduct Research to find replicable and innovative models for better improvement of our development activities. Training program shall be improvement to develop the skill and capacity among the target peoples as well as for staff development.
- WATSAN Program to assure safe water and 100% Hygienic latrine among the target community peoples. Social Forestry program to assist in maintain ecological balance and to save biodiversity.
- To assist toward livelihood and food security create the provision of self-employment among the target peoples. Protection and preservation of human rights specially women child rights. Small business Development among of the poor.
- Poorest of the poor will get first priority. Group and institution building at grassroots level. Empowerment of community. Strong relation and coordination with stakeholders. Coalition network mobilization and advocacy. Experience and expertise sharing. Learning from community. Encouraging research and innovation and expertise. Co-operative and supportive to government development program.
- Participation gender diversity and participation capacity building alliance coalition and network shall be addressed as crosscutting outcomes. All project proposal to be designed and implemented as per local context having participation of community which will be feasible manageable and overall cost effective.
- Women development.
- Disaster management and climate change activities.
- To increase disaster awareness and preparedness at the disaster-prone area, reduce suffering of disaster victims and help them to recover normal life with emergency relief and rehabilitation.
- To provide special assistance to poor and needy to celebrate religious and cultural festivals with pleasure and self-esteem.
**Education Program**

Main components of the Program include universal primary education, children with disabilities, slum children’s health, nutrition, education, and other supports and students’ scholarship program.

**Feeder School**

Under this program, non-formal primary education is offered to the drop-outs from rural poor families at rural education centers called Feeder Schools by providing books, materials etc free of cost. UNICEF aided government prescribed universal primary education syllabus is followed in the schools. Besides, some moral development and development awareness issues are added with the course-curriculum followed under the program. Children are enrolled for classes I, II and III and are offered non-formal school course and curriculum coupled with moral development and development awareness in an integrated manner with the objective to develop students, honest and patriotic citizens. After graduation from a feeder school, students are enrolled in Class IV at nearby government primary school.

**Scholarship Program**

Under this program, school and poor but meritorious students are offered monthly cash support to meet their educational and other needs. The objective is to promote their career towards building a healthy generation equipped with necessary knowledge, skill and high moral qualities in the near future.

**Destitute Children’s Education Program**

This is an Education Program for the Ultra-poor children especially dwelling in slum areas within Barisal City Corporation. The project has been designed to cover 100 boys and girls of 5-12 years of age with about 50:50 ratio from among the drop-out boys and girls, out-of-school boys and girls, child labor, orphans and disabled children etc. This program is similar to that of feeder school program so long as course design, class lesson, evaluation etc are concerned. But, under this program, some additional supports are offered besides education including nutrition support in the form of light lunch/snacks, health care support, sanitation support, support for educational materials, school dress, school bag and development awareness for parents/guardians.

**Health Care Program**

The main objectives of this program are to provide health awareness through holding health sessions, to provide medical prescription through qualified physician, to provide diagnosis service, physiotherapy, nutrition and life saving medicines free of cost. Under this program, poor community members including those affected by Sidr and AILA victims in the southern disaster prone Districts are offered treatment, diagnosis, free medicine and patient transportation services at the doorstep of the beneficiaries through running hospitals, medical centers, ambulance, river motor launch and so on. This program comprise the following programs and projects:

**Cleft Lip Plate Operation Program**

DDEF implemented a Cleft Lip Plate Surgery Operation Program from November 2012 to till now. About 3,500.00 poor people got Cleft Lip Plate Surgery operation opportunities from this project. This project supported them free of cost. All the beneficiaries are living in the grass roots level all over the country. INC-USA financially supported this project. DDEF arrange so many Cleft Lip Plate Operation Camp in several place/hospital over the country.

**Fact Sheet:**
- Number of students in school: 54
- Type of Beneficiary/target Group: Disabled
- Program Location: Barisal District
- Program duration: Since 2008

**Fast Sheet:**
- Number of rural education centers: 1
- Number of students in school: 54
- Type of Beneficiary/target Group: Disabled
- Number of teachers in each school: 07
- Program Location: Barisal District
- Program duration: Since 2008

**Fact Sheet:**
- Number of health centers: 12
- Number of patients served per month/center: 3500
- Program duration: Since 2010
Eye Camp

Eye Camp is organized from time to time especially in rural areas to conduct major and minor operations with the help of eminent Eye Specialists for a few days to treat the eye patients of a particular location. The camp often moves from place to place to cover more beneficiaries and locations. Poor patients are served free of cost while well-off families may avail the service on payment of reasonable costs.

**Fact Sheet:**
- Number of Eye Camps held: 02
- Number of Cataract patients served: 200
- Number of other eye patients served: 400
- Major donors: DDEF
- Project duration: Since 2015

Ramadan Program

The DDEF seeks to bring about a change in the life of poor people by implementing a variety of activities under this program including fast feasting for fasting Muslims, collection and distribution of Zakat, Zakat-ul-Fitr, Sadaqa, and other forms of charity. The program provides food and nutrition support to the poor in the form of food packet distribution, organizing iftar feast for fasting Muslims, distributes Zakat in cash and kind (food, Eid dress, Eid sweets, etc.) among the Ultra-poor, and also facilitates observance of universal values of Islam like brotherhood, fellow feeling, honesty, sharing resources with the less fortunate and sacrifice for others among the community members on the occasion of Holy month of Ramadan and Eidul Fitr festival.

Qurbani Program

This program, like the Ramadan program, is a livelihood/food security program for the ultra-poor community members. Under this program, Qurbani animals like cows and goats are slaughtered and the meat is distributed among the poor and needy at grassroots level. The project directly benefits the target families. Like-minded local organizations and individuals are involved in purchasing Qurbani animals, selection of beneficiaries and proper distribution of Qurbani meat (beef and mutton) among the most deserving poor and needy families. The project seeks to fulfill the nutritional demands of the nutrition deficit families and, at the same time, develop a healthy bonding between the well-off and needy Muslims on the occasion of Holy Eidul Aza.

**Fact Sheet:**
- Number of cows slaughtered/year: 20
- Number of goats slaughtered/year: 10
- Number of poor families served: 2500
- Program duration: Since 2009

Orphan Support Program

DDEF has been implementing orphan support program since inception in 2001 with the objective to improve the lives of the helpless orphan girls and boys through offering them different supports like personalized support for each individual orphan as well as institutional support meant for development of the orphanages of the concerned orphanage. The overall objective of this program is to ensure welfare of the orphans who are deprived of the love and care of their father and often mother also.

Under Direct Orphan Support component, orphans are directly supported with financial assistance to cover their all expenses related to low-cost meals, clothing, cost of educational materials, cost of medical care, Iftari gifts as well as other daily necessities etc.

Under Orphanage Development Support component, financial assistance is offered to orphanages for building construction with allied facilities like toilet, dining space, washroom, furniture, office equipment and so on.

**Fact Sheet:**
- Number of orphanages being supported: 100 (Girls-50, Boys-50)
- Number of orphans covered: 12
- Number of Orphanage buildings Constructed: 02
- Program duration: Since 2014

Water & Sanitation Program

DDEF water initiatives aim to improve sustainable access to safe drinking water and basic sanitation through installation of shallow/hand and deep tube-wells and sanitary latrines free of cost. This program covers mostly Sirdi and ALLA affected areas as well as other deserving locations of the country.

Community members collecting water from a deep tube-well.

Besides fulfilling the need for safe drinking water and hygienic sanitation, the program does also develop awareness among the community members regarding the need for using safe water for drinking purposes, guarding against arsenicosis and other water and air borne diseases and making arrangement for limited supply of water to barren land for cultivation of crops like paddy, potato, vegetable especially in salinity affected areas including Koyra, Khulna.

**Fact Sheet:**
- Number of Hand/shallow tube-wells installed: 1000
- Number of semi-deep tube-wells installed: 50
- Number of Sanitary latrines installed: 700
- Number of beneficiaries served: 25,000
- Program duration: Since 2010

Vocational Training Program

As part of post-Sidr rehabilitation program, the types of vocational training courses are organized in Barguna District. These are: Computer literacy and sewing and embroidery Patharghata apsania. Under this project, unemployed youths including females and males receive the training that help them get self-reliant through self-employment.

A training at welding work Sewing and embroidery training Computer Literacy.

**Fact Sheet:**
- Number of Youths trained in computer literacy: 100
- Number of women trained in sewing and embroidery: 50
- Number of Youths trained in welding work: 100
- Number of Youths and women attaining self-reliant: 300
- Program duration: Since 2014
**Ambulance Service**

DDEF provide a Ambulance Service support for the poor patients in the grass roots level of Barguna District going far many hospital.

**Winter Clothes Distribution Program**

The objective of the program is to assist the cold wave victims including children age-old and working men and women through distributing warm clothes to meet their emergency need for survival. Blankets, sweaters and children’s are distributed among poor and ultra-poor families especially those in northern cold and southern disaster hit districts.

DDEF Executive Director distributes blankets among cold wave victims

**Fact Sheet**:
- Number of blankets distributed: 2000
- Number of sweaters distributed: 1000
- Number of children
- Number of beneficiaries covered: 5000
- Number of districts covered: 30
- Program duration: Since 2012

**Disaster Relief and Rehabilitation Program**

Under this program, food packets, medicines, other daily necessities are rushed to the disaster affected locations and are distributed on the spot among the most affected families. Initiatives are taken to rebuild/repair houses and institutions like school, madrasa, mosque and arrangements are made for pure drinking water on an urgent basis.

**Fact Sheet**:
- Number of food packets distributed: 1000
- Number of beneficiaries covered: 5000
- Number of school/mosque/madrasah repaired: 5
- Number of school/mosque/madrasah rebuilt: 2
- Program duration: Since 2007

**Distribution of Assistive Device**

DDEF distributed many assistive devices (like Wheel Chair, Cutch, Toilet Chair, White Can) in favor of poor person with disabilities in the Barguna District.

**Day Observation**

DDEF observation many national and international days (like National and International Disabilities days, World Autism day) with the participation of Govt. and local NGOs.

**Micro Credit Programme**

DDEF start a micro credit programme in the local area. There are two branch (Rahangpur & Deulata). Many poor Man and women (including person with disability) are benefited from this programme.

**Disaster Management**

DDEF works with the disaster affected people in the southern belt area. Specially the person with disability are very harmful for the disaster or climate change issues. They have no easy exist in that time. DDEF works with them.

**Agro Based Programme**

DDEF implemented agro based programme in the grass roots level including farmers training in various issues.

**Hospital and Shelter Home Services**

DDEF future plan to establisha a hospital including old age and orphan children with disabilities supported program in the District of Barguna at Rahangpur Union.

**Partners & members in Development**

Strong net-work/Association at different levels with other organizations and other professional bodies.
