HALL OF FAME
DUTY, HONOR, COUNTRY... APPRECIATION

RE: COVID-19 Mission
Global Giving Attachment

29 APR 20

TO DATE:

The US Veterans Hall of Fame, in collaboration with the Carolina Farm Trust, have been providing nutritious meals and groceries (raw produce and protein options) to our elderly and disabled veterans in the immediate County of Mecklenburg, Charlotte, North Carolina.

We have provided 2-weeks worth of groceries to 11 veterans and their families, based on household size, and served over 150 prepared meals.

The American Red Cross and other organizations are now forwarding requests to our organization after hearing about our efforts. Although they are unaware of our budget, our hearts never want to tell a veteran “no”, so we are reaching out looking for partnerships to help with this mission.

We believe that our partnership with Global Giving and its contributors can be a key asset in this current season.

Please consider donating through Global Giving to this worthy effort as we are now receiving requests from across the states 100 counties and the neighboring state of North Carolina.

Together, we can make this a success and a ray of hope for this demographic during COVID-19. Also, we are asking everyone to please spread the word.

Thank you!

Curtis L Drafton - Founder
US Veterans Hall of Fame
