BRITISH VIRGIN ISLANDS
NONPROFIT ORGANIZATION

OUR PURPOSE

Beyond The Reef has **THREE** main goals:

- Create artificial reefs to restore thriving ocean eco-systems in the BVI's.
- Recycle ships and planes that were destroyed by Hurricanes Irma & Maria into art installations/ artificial reefs that will increase tourism in the BVI's.
- Provide economic opportunity to the local community as well as funding for educational initiatives & swim programs for local youth.

OUR IMPACT

Only 1 in 10 youth in the BVI can swim! Together we can change that

"I am proud to partner with Beyond the Reef to connect a new generation of BVI's youth to the ocean."

- Philippe Cousteau,
Founder Earth Echo

Please make a **\$5 donation** per scuba diver that visits our artificial reef sites.

Each donation will support local swim programs for youth!

Ask your charter company if they participate in this program. If not, make your donation at any dive shop in the BVI & receive a sticker!
