

REPORT JANUARY -APRIL 2026

**It's about dignity.
Belonging. A future.**

**Removing Dis from Ability!
ABLE YOUTH**

GlobalGiving

Creating Opportunities Through Creativity

During January-April 2026, the ABLE YOUTH initiative continued to bring together young people with disabilities in a warm and creative space where they could learn, create, and feel proud of themselves and their abilities. This period, 19 young people with disabilities — 15 young women and 4 young men — participated in the activities. For three months, they attended jewelry-making workshops inspired by the beauty of Tavush nature. They learned how to dry and preserve spring flowers, work with epoxy resin, and turn simple natural materials into handmade jewelry and gifts.

*EACH PIECE TOLD A STORY OF ABILITY,
NOT DISABILITY*

During January-April 2026, the ABLE YOUTH initiative continued to bring together young people with disabilities in a warm and creative space where they could learn, create, and feel proud of themselves and their abilities. This period, 19 young people with disabilities — 15 young women and 4 young men — participated in the activities. For three months, they attended jewelry-making workshops inspired by the beauty of Tavush nature. They learned how to dry and preserve spring flowers, work with epoxy resin, and turn simple natural materials into handmade jewelry and gifts.

To continue this meaningful work and create opportunities for more young people with disabilities, we still need your support.

Your donation will help us:

- welcome more youth into the program,**
- provide materials and tools for handmade production,**
- organize future exhibitions and community sales,**
- and help young people continue believing in their abilities and future.**

Please support ABLE YOUTH.

**Every donation helps a young person feel seen,
valued, and capable.**
