We are happy to share our news and updates for the last quarter of 2020. Thank you for your continued support!

We made a survey to the students to know their thoughts on community service and this are some of their responses:

"It has helped me to understand the importance of social relationships and the sense of humanity and solidarity towards others; our actions, however small they are, generate an impact". Service at Casa Hogar de CSL

"I have learned to be more empathetic and to care a little for others, it taught me that I should never judge and that this society needs more support in order to grow". Service at VIFAC
