Dear Sponsors and Project Partners of ASA Women USA,

Global Giving's International Women's Week Project Appeal March 8 – 12, 2021

This International Women's Day, on March 8, 2021, we're looking back at a year like no other. Over the course of 2020, deep-seated gender inequalities exacerbated the consequences of the pandemic for women around the world. For ASA Women USA's [Healthcare Access to Indigent Women in Nigeria](#) project, the pandemic meant the indigent cancer & maternal health women lacked access to quality health services, insurance coverage for routine and catastrophic health costs in a country with under-resourced healthcare system. Gender stereotypes also limited their ability to access healthcare services.

During the week of **March 8 – 12, 2021**, we're inviting you to stand with our project on [Healthcare Access to Indigent Women in Nigeria](#) for Global Giving's International Women's Week. From Monday until Friday, online **donations up to \$50 will be matched at 50%!*** Most Unique donors: **Bronze:** \$250; **Silver:** \$500; **Gold:** \$1000, **Platinum:** \$3,000; **Corporate:** \$5,000 and above

Donate Here on #InternationalWomensDay @GlobalGiving, March 8, 2021 to support ASA Women USA's Project: <https://www.globalgiving.org/projects/healthcare-access-to-indigent-women-in-nigeria/>

The past year has been especially challenging for **ASA Women USA** and we would be ever so grateful if you considered providing vital, long-term support on March 8, by upgrading to a monthly gift. After four monthly payments, GlobalGiving will **match** your generosity by **100% in addition to your 50% match today!***

ASA Women USA Cancer Coalition, Community Adoption Partnership Project Program will support the strengthening of health system from a gender perspective for the adopted indigent cancer and maternal health women & provide health insurance premium coverage in order to respond to the pandemic and also support a community's establishment of a Cancer diagnostic & research Centre, in order to reduce the burden of cancer in Nigeria

Thank you so much for your generosity
