

NEWS OF THE QUARTER

Mexico joins the Inhope Board

We are celebrating Mexico joining the INHOPE board, the international network that **leads** the fight against Child Sexual Violence on line, next to members from Germany, Poland, Greece, Cambodia, Taiwan and the Netherlands

This global collaboration strengthens our mission to protect girls, boys and teenagers

From Latin America we collaborate in order to make the internet a safer pace for under 18 minors.

Premios Generosidad (Generosity Awards) Jalisco 2024

Thanks to the initiative from Banco de Alimentos and the Government of Guadalajara, we were recognized next to Casa Hogar Naandi, Institute Ana María García Cruz and the nursing home San Vicente at the Premios Generosidad (Generosity Awards) Jalisco 2024

We receive this acknowledgement with gratitude and we reinforce our compromise to work every day to protect girls, boys and teenagers.
