against COVID-19

We live in difficult times, the world is going through an unprecedented event that has claimed the lives of thousands of people around the world.

The situation in Mexico is also delicate; People in vulnerable situations are those who are most exposed to the ravages of the crisis caused by COVID-19. However, united with love and effort we can get ahead.

We can do it!

We have not been alone

The situation of Organizations that care for people in vulnerable situations has been complicated; Many of our friends have suspended or reduced their donations, their financial situation has been affected by the pandemic. But, various organizations have helped us, with financial or in-kind support. Our \$10 USD donation campaigns have helped us a lot.

Let's take care of each other!

Thanks to your support we have been able to follow all the recommendations for the prevention of COVID-19:

- Constant hand washing
- Use of antibacterial gel
- Sanitation of spaces
- Use of face masks
- Application of sanitizing liquid at the entrance of the institution
- Use of sanitizing mat
