

Dear valued donors,

We are thrilled to share with you the incredible success of the recent Worldwide Day of Play event and the positive impact it had on families in the US Virgin Islands. Thanks to your generous support, the event was a resounding success, and families absolutely loved the free At Home Discovery Kits they received.

The 10th At Home Discovery Kit, themed around celestial bodies, was launched at the 2025 Our World: Worldwide Day of Play on September 27, 2025. This event, in partnership with Nickelodeon, aimed to promote active play and joyful learning for children and families worldwide. Your contributions played a crucial role in making this event possible and ensuring that every child in the

US Virgin Islands has access to educational opportunities.

During the event, attendees had the opportunity to experience interactive demonstrations and performances by local community partners, including U.S. Fish and Wildlife, The Virgin Islands Marine Advisory Service, and receive a free At Home Discovery Kit to continue their learning journey at home.

We are immensely grateful for your dedication to our mission and for being a part of this important work. Your support has made a significant difference in the lives of children in the US Virgin Islands, and we could not have achieved this success without you.

As we continue our efforts to provide educational resources to children in the US Virgin Islands, we invite you to explore sponsorship opportunities to support our ongoing initiatives. Your continued support will help us create a positive impact on the lives of children in our community.

The At Home Discovery Kit program is an ongoing GlobalGiving.org fundraising initiative, identified as [At Home Discovery Kits for VI Families \(47832\)](#). Thank you once again for your generosity and support.

With gratitude,

The VICM Team
