WHO WE ARE

OSCAR Foundation is a football for development non-profit dedicated to empowering children and youth in low-income communities in India. OSCAR uses football as a tool to deliver education and life skills sessions enabling children and youth to become role models in their community.

Over the last 9 years, more than 12000 children and youth in India have participated in OSCAR's Programmes, workshops, and training in states like Delhi, Jharkhand, Karnataka, Andhra Pradesh, and Maharashtra.

OUR VISION

A world where all children and youth have an equal opportunity to succeed.

OUR MISSION

We use the power of football and a network of Young Leaders to develop life skills and improve educational attainment for children from

Digital Learning Hub

The **Education programme** offers interventions in Early Childhood Education, Remedial Education, and Digital Learning in low-income communities across India.

Our **Early Learning Centre** is designed for school readiness in young children and preventing late school enrolments. Through Disha Education Centre, we stop children from dropping out of school by strengthening their fundamentals in subjects like Hindi, English, and Maths, thus significantly improving their chances of being able to complete their basic education.

The **Digital Learning Hub curriculum** is designed to make children future ready by giving them an opportunity to learn Basic to Advanced level computers at a subsidised cost. **The key objective of the Education Programme** is to support children in achieving basic educational milestones, and to enable them to become future ready.

OSCAR-FOUNDATION.ORG

Centered on our 'No School - No Football' policy, the **FOOTBALL PROGRAMME** reaches out to only those children who are committed to completing formal education.

The Programme delivers structured sessions using football oriented games designed to teach children essential life skills such as leadership, team work, communication, managing conflict, positive thinking, importance of education, etc., in addition to pertinent social issues such as gender equality, child marriage, child labour, addiction, hygiene, and environment as outlined by the World Health Organization.

The Football Programme uses an evolving curriculum designed by OSCAR's coaches and Young Leaders that is tailored to address the challenges faced by children in different low-income communities across India. OSCAR also delivers the Football Programme in partnership with other non-profit organisations and schools.

REKHA

Rekha (21) is a teacher at OSCAR's Early Learning Centre, and currently pursuing TYBCom from Siddharth College (Mumbai). She aspires to become a professional teacher.

"In spite of the challenges that I faced, I continued my studies. And the support that I got from OSCAR was tremendous. Today, I am the only girl in my family who has completed her education. I have proved my parents wrong. I have shown them that I am nowhere less than a boy."

YOUNG LEADERS PROGRAMME offers a residential leadership training to youth from low-income communities that showcase leadership potential.

The training focuses on professional development of the participants and trains them in delivering 'Football for Development' sessions to children across different age groups.

More than 566 youths from states like Maharashtra, Jharkhand, Karnataka, Andhra Pradesh, Gujarat, Orissa, Bihar, and Goa have received leadership training under this programme – designed to advance Young Leaders in their professional aspirations and enables them to become role models in their community.

We believe in creating a platform for boys and girls to play football equally. Irrespective of gender, caste, religion, or any other social background, at oscar, we come together to celebrate **the power of football for good.**
