ABOUT US

Niños de Maria Foundation is a non-profit organization, that opened its doors in 1994 with 11 children. Eventually this number grew to over 300 children who now have the opportunity to rise out of cycles of extreme poverty.

Niños de Maria has grown through fundraisers, the generosity of our sponsors, one-time donors and companies that share the same dream to support children with new hopes, values, allowing them to have a dignified life and a brighter future.
