

To the generous donors of our GlobalGiving Art Exploration Campaign,

The Virgin Islands Children's Museum strives to incorporate the arts into our programming and interactive exhibits. We are pleased to report that your charitable contributions helped us upgrade components of our Music Exploration Corner and helped us produce themed coloring pages for use outside the museum walls.

The funds you provided allowed us to replace a damaged floor piano, helped us print coloring pages for youth arts and crafts tables at special events, and aided in the installation of a new electrical outlet for our electronic drum set.

The art exploration campaign is ongoing and plans are underway to build on our current arts related offerings and develop new opportunities to help families get creative and Explore, Play, Discover, in the museum and at community events.

Thank you for your support!

Sincerely,

The VICM Team
