

# STEAM EDUCATION FOR LATIN AMERICAN GIRLS

GGL is a Colombian NGO that empowers girls, adolescents and women to be leaders in the STEAM fields. We work for the union of women and gender equality.

#Purpleheart #Empowerment

Is a platform that emerges from the union of GGL, ValPat and Academia de Inventores. Through live educational videos on YouTube children learn for free STEAM knowledge in a funny way. With robotic, maths and engineering workshops design specially for children  
**HELP US** to bring additional free content to more territories in Latin America.

# STEAM

Science Technology Engineering Arts Mathematics

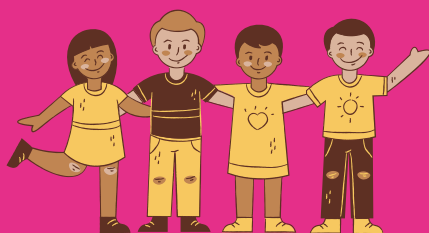

GlobalGiving.org is a platform that connects NGOs, donors and companies in 170 countries around the world with different approaches such as gender equality, children, education, health, technology, human rights, among many others.

# GlobalGiving

Take care of children because the future depend from them.

We invite you to support our campaign in Global Giving so more girls can have better opportunities. Together we can make a positive change in the world.
