

PROJECT PROPOSAL

EMERGENCY ASSISTANCE TO REFUGEES AFFECTED BY FLOODS IN ADJUMANI DISTRICT WEST-NILE REGION OF UGANDA.

Project Cost: \$5,000

Project Location: Adjumani Refugee Settlement-
West Nile Region, Uganda.

Project Duration: 3 Months (December 2020-Feb
2021)

Project Target: Widows, children, elderly and child
family heads.

Implemented by: Voice for Humanity Uganda,

Email: voh.humanity@gmail.com

Tel: +256774803086

Summary

This project will provide emergency food and non-food items to 100 vulnerable households representing over 500 individuals (women mainly widows and single mothers, children, elderly and persons with disabilities) that have been displaced by recent floods, have lost all properties/crops and are now sheltered in schools, churches, and make shift structures around the refugee settlements. The overall goal is to avert the looming danger of malaria, pneumonia, hunger and malnutrition by providing the targeted households with emergency life saving Mosquito nets, Blankets, Maize Flour, Beans and other basic items for life stability within the schools and churches where they are sheltered.

Challenge

Adjumani district like the rest of Uganda has been receiving heavy rainfall that has led to displacement of over 10,000 individuals since their houses have been submerged and collapsed with property destroyed. Additionally, Crop fields have been swept away and with no harvest, roads have been made impassable. Majority of those displaced (Mainly women and children) are now living in make shift temporal structures, schools and churches around the settlements with inadequate supply of food, clean drinking water, mosquito nets, blankets and other essential commodities exposing them to the potential risks of Malaria, Pneumonia, diarrhea, hunger and malnutrition.

Solution

Voice for Humanity Uganda will provide emergency life saving food and non-food items to 100 targeted vulnerable households that have been worst hit by the floods. Each household will be provided with 20Kgs of Maize flour, 10Kgs of Beans, 1 liter of cooking oil, 2 packets of salt, 1 bar of soap to sustain them for a period of one month. Additionally each household will receive 1 blanket and 1 mosquito net.

Long-Term Impact

The project will build the resilience of affected households to withstand the devastating effects of natural disasters, providing them with an opportunity to develop strategies for coping with future disasters.
