

MOUNT KENYA SPORTS GROUP

PROFILE

WHO WE ARE

Mt.Kenya Sport Group (MSG) is a Community Based Organization (CBO) promoting peace, environment and development in the Mt.Kenya region by empowering youth through education, sports, guiding and counseling.

The overall objective of this project is to create an enabling environment for destitute children and youth in Mt.Kenya region so that they can be self - dependent, contribute to the development of the area and be active participants in development efforts of the nation.

WHAT WE DO

EDUCATION SCHOLARSHIP:

We offer scholarship for vulnerable youths selected from Public Primary and Public Secondary Schools including school uniforms, fees, materials, stationeries, school bags and other related tools for their schools. Since 2009, we have supported over 300 needy children who could have not attended school due to poverty.

The children are selected according to their level of need and vulnerability.

YEAR	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	TOTAL
BOYS	12	23	25	16	27	23	36	28	32	22	34	278
GIRLS	7	13	26	21	32	14	23	34	28	25	47	270
	19	36	51	37	59	37	59	62	60	47	81	548

The programme has made a lot of impact in the local community especially the informal settlements (slums) where most of our beneficiaries come from. These children would have dropped out of school due to lack of school fees and engaged in drugs and substance abuse and also prostitution.

Students receive educational and psychosocial support through sponsorship. Support is given to Primary and Secondary schools students from poor backgrounds whose families are burdened by abject poverty. The first beneficiaries of the programme are through with their college education and are now mentoring other beneficiaries in various academic fields.

The programme has been funded by Pandox from Sweden (since 2012) and local donors since inception.
