

We Move

We Feel

We Push

Girls Athletic Leadership School Las Vegas

Our mission is to provide a personalized and holistic college preparatory education in a supportive environment that fosters the academic mastery and personal development necessary for every girl to become a powerful advocate for herself and a leader of her community.

We envision a world where all girls have the opportunity to succeed.

We believe in equal rights, physical well-being, and emotional safety for all. We believe in whole-bodied education.

We value diversity, movement, relational learning, single gender education and competition.

We Celebrate

Why GALS?

GALS Las Vegas will open its doors to 6th and 7th grade for the 2020/2021 school year and expand over the following two years to provide a middle school experience tailored to meet the needs of adolescent girls. GALS is partnering with the Boys and Girls Club of Southern Nevada to open at their Club near the University of Nevada, Las Vegas campus.

GALS Las Vegas is part of a national network of schools based in Denver, Colorado and leverages over a decade of experience in single gender education environments. All-girls schools remove gender stereotypes exposing girls to women role models and preparing them to rise to the highest levels of leadership. Students in all-girls schools are six times more likely to considering majoring in math, science and technology and three times more likely to consider engineering compared to girls who attend coed schools. They also tend to demonstrate higher academic performance in comparison with their peers in co-educational environments. According to National Coalition of Girls Schools (www.ncgs.org), test results are almost one academic year above.

At GALS we empower girls to
**succeed academically, lead
confidently, live boldly, and
thrive physically.**

GALS integrates movement, project-based learning and the arts into its college preparatory curriculum of English/Language Arts, Mathematics, Social Studies, and Science with Nevada Common Academic Standards as the foundation. This is augmented with a special class called GALS Series to cultivate young women as community leaders. A GALS School is a community and we invite our families to participate in school events and our weekly 'community meetings' where GALS students have a voice in shaping their school.
