

## Global Giving Business Plan

### Problem Statement:

Rawalpindi, according to the 2018 census, is ranked as 1<sup>st</sup> among the 71 Districts of the Punjab. Some of the reasons given to this include the development of libraries in government schools in the city, as well as the access to public libraries and e-libraries (supported by government and private organizations) (Pakistan Bureau of Statistics, 2018). A fundamental problem which has been identified as of 2019, especially in the context of the pandemic, was referring to the limited number of public libraries independent of schools, which are accessible to the public – there are only five public libraries in the city (Sarwar et al., 2020; Shahid et al., 2020; Warraich et al., 2016). Furthermore, it was also identified in research that students from Rawalpindi, especially in schools located in underprivileged communities, have limited access to the internet and are not socioeconomically stable enough to afford the cost of mobile data top-up (Shahid et al., 2020). In these schools, the development of libraries will not only benefit school children but also communities – parents of school children may use the libraries as a reservoir of academic and technical resources, hence removing the financial constraints brought about by purchasing textbooks (Adnan & Anwar, 2020; Khan, 2021; Noor et al., 2020; Sarwar et al., 2020; Shahid et al., 2020). This has been highlighted in previous articles on the topic (Bukhari et al., 2010; Warraich et al., 2016).

### Proposed Solution:

**Objective:** In six months, this project will donate books and bookshelves to twenty underprivileged schools, located in rural Rawalpindi that will help alleviate educational requirements of at least 30,000 families.

**Methodology:** the following steps will be taken to achieve the target

1. Funds generated will be used to create 40 bookshelves (2 bookshelves per school, for 20 schools). This will take one month.
2. Funds generated will also be used to show videos and showcase the pre-intervention situation of schools, and how the post-intervention situation of the schools has improved. This will include monthly photos of donations, library utility, and administrative situations and lessons learnt for each school.
3. Funds will also be used to purchase books suited to the requirements of the schools. This is based on the requirements of SDGs established by UNICEF and UNDP (Pakistan Bureau of Statistics, 2018).
4. Donors will be mentioned in the banners and streamers, as well as inauguration of the libraries, with individual donors being mentioned especially for their contributions

**Results:** By the end of six months, these twenty schools will have established libraries, which will benefit 30,000 families. They will also benefit school-teachers and school staff, who will utilize them for improving their academic and teaching skills.

Monitoring and Evaluation:

NHSD has a dedicated monitoring and evaluation (M&E) team which will be observing the dissemination of books, and bookshelves, to all selected schools. The M&E team monitors the progress of the project in the duration of the project, and up to three months after the completion of the project, as part of NHSD policy.

Quality Assurance for the books during the collation, compilation, and distribution steps will be guaranteed and monitored by the NHSD project, The Collectors' Admiralty (TCA) alongside the NHSD M&E team.

The Collectors' Admiralty (TCA) Project Annual Report, Library Excel Sheet, and latest Library Photos

## Honorable Donors and Respected Volunteers,

Thank you for your patience and for your constant endorsement of The Collectors' Admiralty. Today is going to be a one year celebration edition of the library which kicked off this whole adventure. To that, we thank all our volunteers and donors and the staff of NHSD for making it possible.

We already mentioned that the first discussion was on the idea of a typewriter club. However, this is the message from where this venture all started. We present the March 27 2019 message, that made it all happen:

This picture is from April 20 2019. We have our Incus French Typewriter, the Brother Opus 210, the red folder contains a register containing the first books which we had noted for the library, an accounts book and the minutes of meeting which had been written when we had started it as a typewriter club, and these are the total books we had started with.

This picture is from April 23 2019. These are the total number of books we had when we initially started. All of these were donated by Shehroze Ameen. Among them, Joyce and Spenser were recently issued to a member and to the Director Finance respectively. These were the humble beginnings from where the initiative had taken root.

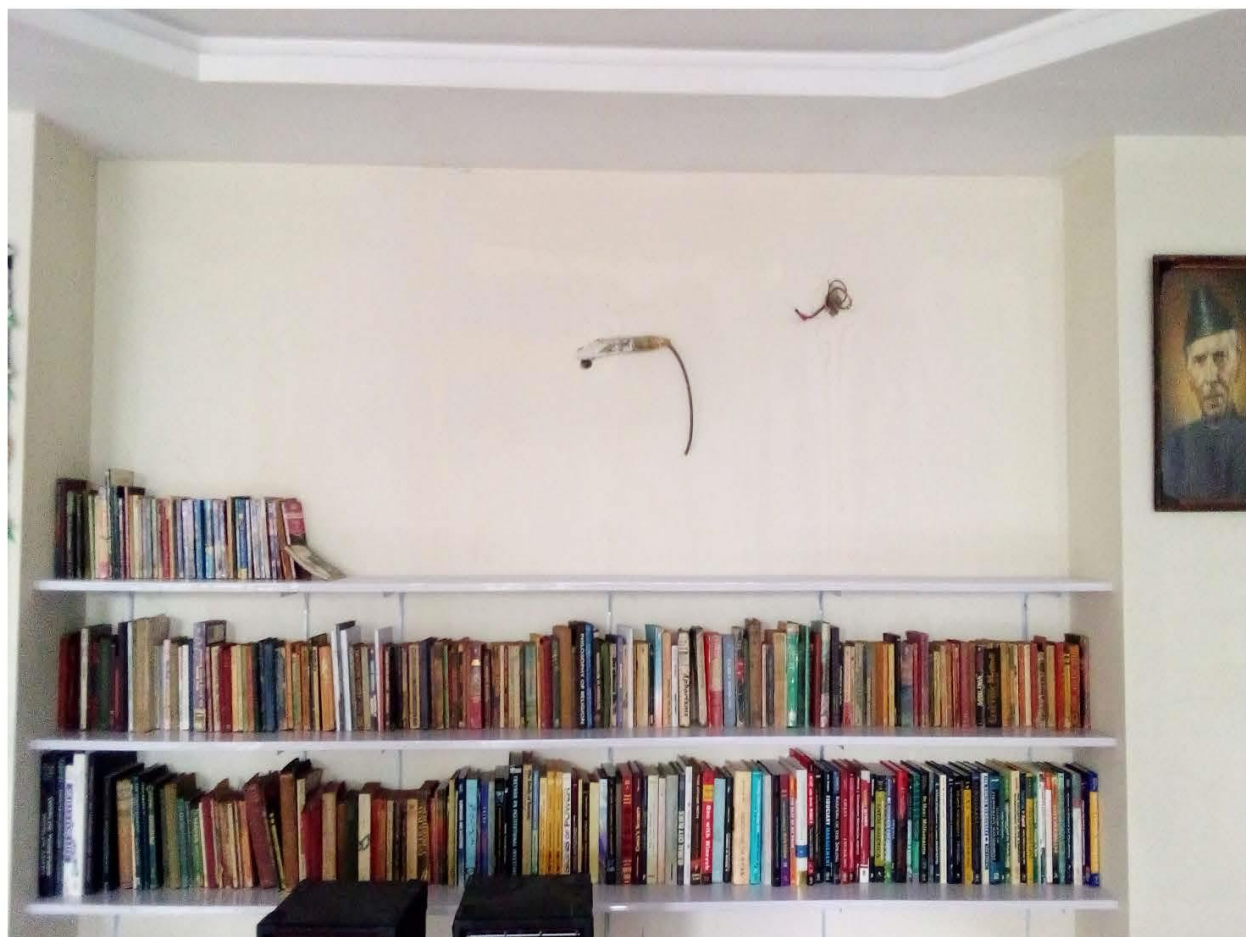

April 23 2019 is also an important day for us. And the picture below should explain why:

In case there is confusion about what the picture represents, these were the first donation of books by Saba Trust. A relationship of a significant nature since they continue to support us with books.

*Note: This initial donation of two hundred books (yes, two hundred) was actually made in April 23 2019, not June 2019 as we had stated in TCA Update#1. We apologize for that mistake.*

The painstaking process of making a physical record of these books had been begun post-haste. Around this time, the organization had moved to Bahria Phase 8. The library had recently been donated books by Mrs. Fauzia Elahi. The first donation of books were in May 2019, with all the books available for collection by May 3 2019. The second tranche of books were collected by June 27 2019. At the time, we had not placed the Saba Trust books in the TCA headquarters. That isn't to say our library was losing steam.

This picture is from September 20 2019. These are all the books which were donated by Mrs. Fauzia Elahi to the TCA library. These total entries would have been daunting enough, since these were a total of three hundred books (yes, three hundred). The entire venture had shifted to Westridge Bazaar where it is still located today. Shop 20, First Floor, Zaman Plaza, Westridge Bazaar, Rawalpindi.

However, the library was not done yet. A hundred more books donated, and the collection had reached six hundred books. And then, the eventful decision which influenced our library and on which we built on the foundation we had begun.

This photo is from October 20 2019. In one month, all six hundred books have been accommodated into the new premises. Now, all that was left to do was take care of the presentation - shelves, side-tables, the whole nine yards. And this work was important - we had magazines, typewriters, and books from at least three separate streams: the third stream here is Akhuwat Foundation, who had donated to our cause. It was also around this time that the first entries began to be placed in the electronic database. The first entry was made on November 15 2019: Sr#1 is "Capital Suggestion", in case anyone is curious.

This photo is from November 11 2019. Around this time, we had procured an Urdu typewriter, and had a new shelf in which we had placed some of the books that could not be placed in the shelves. We also received a new set of books, donated very generously by Mrs. Asma. Below are a selection of books which she had donated - essentially they belonged to her father, who had worked tirelessly and vigilantly as an engineer. TCA continues to be enthralled by these wonderful works.

Around this time, the books had all been entered into the database. And then, COVID-19 happened, we had received a new set of donated books by Talha Khan (donated books were received in person by Shehroze Ameen on November 25 2019), and Dr. Rubena Hafeez (had sent her donations to our library on September 25 2019, received October 1 2019). TCA could proudly boast that we have a significant collection of Nora Roberts works, as well as two separate complete collections of Harry Potter. It could also boast that the electronic database now had a total of eight hundred unique entries (as of January 15 2020), and taking repetitions into account the total number of books in possession by TCA were 980 (including magazines and duplicate books). TCA had managed to gain its hands on an Urdu Typewriter (originally an Indus Urdu Typewriter, but this was exchanged for an Olympia Standard), a 1965 SM-05 Olympia Deluxe Portable (the Olympia was donated by Shehroze Ameen in exchange for the Indus Typewriter, to which he had original ownership), a 1965 Triumph Standard Typewriter, and a 1943 Oliver Portable Typewriter (which is still functional).

Having said that, COVID-19 was book trying times for the library, and also a moment of significant reflection: will the works that were donated to this endeavor, actually be read by anyone?

Obviously the answer is yes. The books were utilized not just by members, but also by BOD of NHSD, and by NHSD staff members. It was after the lockdown had been slowly and steadily lifted, that a new collection of books were donated by Saba Trust, Kaus-e-Kazah Welfare Organization, Shehroze Ameen and Akhuwat Foundation. Considering that we would be receiving these books, we had some more shelves built in the establishment.

This photo is from July 8 2020. Around this time, our collection was around eight hundred books. This, was going to change soon.

This is also a photo from July 8 2020 - Shehroze Ameen is basically taking into account the books donated by Akhuwat Foundation, Saba Trust, Kaus-e-Kazah Welfare Organization, and a collection of works by Rashid Ullah Yaqub (a gentleman based in Karachi, who had donated two sets of his published books on religious jurisprudence on June 9 2020. He also requested that one of these sets be donated to a public establishment - school or library - where the works will be read and appreciated. TCA has already been in correspondence with the school and will send pictures of this donation soon as a date and time is finalized).

It is clear from the pictures that we had a lot of books to sort out and enter, and we had a major issue of space. The idiom holds true in this regard: Where there's a will, there is the way. This is the way TCA sorted through the whole works, and on August 30 2020, TCA looked as follows:

**This** is what 1500 books looks like. We had completely filled all the space that we could possibly manage, and we can honestly say that in one year, we have achieved significant results on performance. Among the books that were donated by Akhuwat Foundation and Kaus-e-Kazah Welfare Organization, the ones which were not of use to TCA and would be beneficial - nay, critically significant - for schools that they are currently administrating and currently establishing in Dadu, Sindh, were all sorted and received by them. These included books published by the Punjab Examination Textbook Board (basically the Punjab Board), and other assortment of test preparations. There were also some early learner books which had been initiated by Oxford University Press in Pakistan. You can see from the photo that we also have VHS, a board game, a puzzle game, some card-games (those are in the box at the bottom of the rack, between the chairs), and we can now boast of a collection of CFA books.

We should also updated that on August 28 2020 we also received a donation by Ms. Ismat Haider, who has shown constant interest in our venture.

There are some significant events which also took place as well during this time. We could mention the constant support of Ahmed Farooq Khan and Dr. Ghulam Mustafa who had contributed by issuing books through our platform; or the completion of a publishing and delivery order by TCA for Kaus-e-Kazah Welfare Organization on February 1 2020 in which TCA developed two manuals for the KKO-PSDF Certification courses "Import Export" and "Inventory Management".

Currently, TCA is occupied with completing the entry of the remainder books that have been donated to the cause. This will take a significant amount of time, and until then, we recommend you check out our Patreon page -----> <https://www.patreon.com/thecollectorsadmiralty>

And for fun, we are sharing a work made by one of our own members - Ahmed Farooq Khan created a traditionally animated short and posted it on Youtube. Give it a look:

For now, we thank you for your time and your patience, and we look forward to hearing from you soon. Please leave comments and feedback on your experience with TCA. We are currently finalizing steps towards improving our traditional publishing option (which we had mentioned in Update #1), and we are working alongside Dr. Ghulam Mustafa to start a translation of a few books. If anyone would like to visit TCA headquarters or would like to be a part of live sessions with us, please let us know: we might make something happen.

Until then, stay positive, stay strong, keep persistent, and don't give up! We are all in this together, and we will be successful.
