

**In Ethiopia, September is not only a time for students to go to school but also a critical time for those poor families differently faced challenges to full fill Educational material. Your Donation solves this problem**

In Ethiopia, September is not only is time for students to go to school but also a critical time for that poor families differently faced challenges to full fill Educational materials and school supplies. Because poor families are not able to pay school fees & provide the necessary and nutritious food and educational materials such as books, and school uniforms, (notebooks, pens, chalk, etc ) for their children. As a result, many children from disadvantaged and poor communities are out of school in Ethiopia. According to a recent study, about 1.03 million children of official school age were not in primary education. This situation is even worsened by a recent double crisis In Ethiopia: War, inter-communal conflict, and displacement. As result, Ethiopia's Education is currently in crisis. It is estimated that close to 3 million boys and girls across in war-affected regions have missed out on learning opportunities

Your donation through our pioneering Educate Ethiopia Children One Pack for One Child programs address children's unique needs, giving them early childhood education opportunity children and ensuring their continued education by providing educational material supplies including, clothing, medical services, feeding service (school meal), and counseling and socialization service and enable highly vulnerable children's attend their school without any problem

In this reporting period by your donation new 100 children were provided with educational material supplies including, clothing, medical services, feeding service (school meals), counseling and socialization services, and enabling highly vulnerable children's attend their school without any problem. This is only possible because of the support of special individuals and foundations who provide the funds to reach out to these children

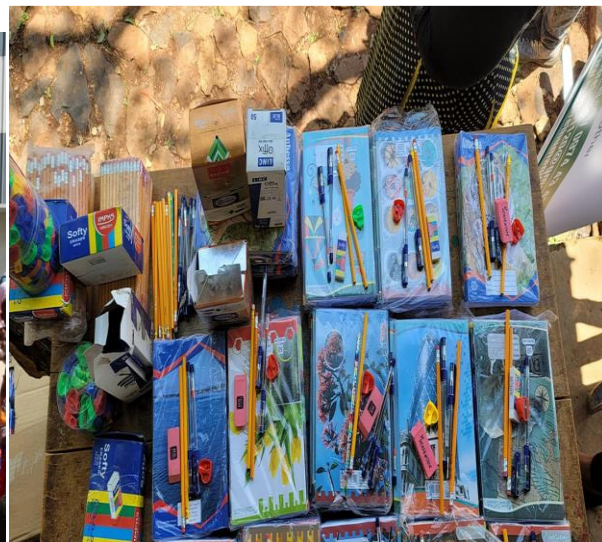

The distribution of Educational materials continues during the month of September to reach out to more needy children. Besides MHO are on the ground alongside poor children in rural school whatever it takes to ensure to ensure every child has access to education by providing them with necessary educational materials and sup

Further to this with the kind support of Global Giving MHO are currently on the ground alongside IDP Children and Families providing them with the necessary and nutritious food and educational materials so that students in the conflict-affected areas back to school

Eduactiona materials made ready for distribution to IDP children and student with support of Global giving , special individuals and foundations so that students in the conflict-affected areas back to school

For over 11 years, MHO has been one of the charities you can trust, with a track record of using donations efficiently and effective

Alongside MHO also on the farm and promoting alternative food production address immediate needs in the aftermath of displacement and specifically their food, nutrition and feed our affected community and including current children and poor women beneficiaries sheltered in our different MHO rehabilitation centers in a sustainable way

**Food and nutritious made ready for distribution to IDP peoples with support of Global giving , special individuals and foundations**

In line with this currently with Kind support of Global Giving and its partner Generous corporate and individual donors MHO engaged on gardening and harvesting, vegetables and nutritious food while promoting alternative food production on 21 thousand land to address immediate needs in the aftermath of displacement feed our affected community and including current children and poor women beneficiaries sheltered in our different MHO rehabilitation center in a sustainable way. As picture blow we can say that MHO harvest and plantation already born fruit and will produce the food desired for our affected communities

## Alternative food production

MHO is one of the leading local NGOs engaged in various exemplary and impactful urban agriculture initiatives address the recurring problem of food insecurity MHO improving food security in urban and peri-urban areas of Ethiopia through its farmlands (field crop areas and planting vegetable farmlands in different parts food deficit areas of the country Simultaneously MHO promoting alternative food production not only to address immediate needs in the aftermath of displacement and specifically their food, nutrition and feed our affected comminute and including current children and poor women beneficiaries sheltered in our different MHO rehabilitation center in a sustainable way. But also by Enhance agricultural productivity improvement of the food and nutrition security and thus the wellbeing of local communities IN food deficit areas of by gardening and harvesting on 21 thousand land and cultivated varieties of vegetables and nutritious food to feed

Currently with Kind support of Global Giving and its partner Generous corporate and individual donors MHO engaged on gardening and harvesting, vegetables and nutritious food while promoting alternative food production on 21 thousand land to address immediate needs in the aftermath of displacement feed our affected comminute and including current children and poor women beneficiaries sheltered in our different MHO

What Ethiopian prominent Celebrity say about MHO

## Acting and art for the destitute mother and Children

Actress Melat Nebeyu goodwill ambassador of MHO–(Pictured above)

I am I am doing whatever it takes and sharing part of my time work with MHO improve the well-being of the most homeless women and children address children's unique needs, giving them a healthy start in life and have the opportunity to thrive by using art as tool I choose MHO work with and help MHO achieve positive outcomes for homeless women and children .There are many reasons I choose MHO

I saw in my eye how MHO reached out, every 60 seconds and strive to take away from the street those beautiful homeless Ethiopia women and children sleeping on the street helplessly . I witnessed on my eyes how MHO helped and build them start a new life Not only that I Have been visited MHO 2 Rehabilitation centers for homeless women with children in Addis Ababa in different times to see what is on the ground, I gave due attention I Sat alongside homeless women with children in the center school, talked and listening first hand heart breaking and miracles stories. There number of the children and young girls beneficiaries who are affected by gender-based violence Our sisters and children who have been affected by different ways of life e, have been harm and attacked, are brought to this charity for survival, and many their hearts are bathed and immune many start new life .Other reaming at MHO are in good health and live in a safe and caring family environment.

I also heard miracle survival stories Habtam Mekuria One of miracle stores heard from her mouth It is real Miracles- AS women Ethiopian women **Do you feel what I feel** imagine **women with twin children** from her home helplessly to areas she don't know before for seek assistance and resort for survival to save her twines beautiful baby already **with malnourished** lied onher **and starving to deatt**

Miracle -She could have been attacked, rapped or trafficked on the Journey before reached Rehabilitation Center. I witnessed MHO is not only Rehabilitation centers for homeless women with children but also a refuge of for money women like Habtam fled form their home for saving themselves to resort to survival as well, as for destitute don't have opportunity where to go and powerless to protect themselves Really MHO is the foundation of life for many women and children I testify MHO have brought the lives of many women and children from darkness to light. More miracles and heart breaking stories CAN happen. That's why I Help MHO."
