

# Our Program

## SPONSOR A GIRL INITIATIVE

Studies have shown that investing in girls is key to breaking the cycle of poverty. We support rural girls education by sending them to school, paying for their fees, school needs (text books, note books, pens, pencils, school bag, uniforms as well as feeding).

## GIRLS SUPPORT CENTRE

A safe haven for rural girls where we offer: Home Work Assistance, Healthy Snacks and Meals, ICT class, Counselling, Mentoring, Scholarships, Body Safety Class, Arts and Crafts, Mental Health & Wellness, Physical Fitness & Sports, College & Career Access Programs, Movies, etc.

## BODY SAFETY EDUCATION

Body safety education is about providing children with information and tools they need to help keep them safe from CSA (Child sexual abuse). We teach body safety education ( Child Sexual Abuse Prevention) across schools in rural communities for children ages 3-10 in order to reduce the occurrence of sexual abuse in children and improve children's abilities to recognize inappropriate physical contact and also to empower children to disclose the abuse to non-offending, trusted adults.

# Our Mission

To build self-esteem and confidence in girls and women through formal education, vocational and life skills training enabling them bring about positive change for themselves and their communities.

## Our Vision

To effect lasting change that adds value to the essence and existence of human life.

**To educate girls is to reduce poverty.**

– KOFI ANNAN

Former Secretary-General of the United Nations

## Objectives

- We focus on empowering and meeting the needs of young girls whose parents cannot afford to send them to school.
- Through capacity building, training, education, healthcare projects and empowerment programme that gives them the opportunity to go back to school, hence becoming professionals in their chosen field of study, vocational and skills training.
- To work towards reduction of poverty/ financial hardship in Nigeria by providing scholarships to outstanding children.
- Working hand in hand with selected schools at home and abroad to help educate girls.
- To promote gender equality for the better society.
