

# Hope Alive 845 Inc

Non-Profit Organization for missing, kidnapped, and exploited children and adults.

# Our Mission

Our mission is to help families, friends, victims, and law enforcement with support or necessary services for the missing, kidnapped or exploited children and adults. Hope Alive includes a platform on a local level in which people can give tips to anonymously, as well as on a larger scale.

## Our Team

We started the Hope Alive 845 Awareness Event for missing children and adults back in the summer of 2017. The founder of the organization was a private investigator who had been contacted regarding some missing persons cases and was asked to help determine what happened and where the persons could be. After seeing so many cases where there weren't enough witnesses and inadequate information, he assembled a small team. His goal was to try and get the community talking. This team grew to become the current awareness event and organization of Hope Alive 845.

# Your Contributions

## Where do your contributions go?

Your contributions are important for Hope Alive 845 to be able to offer a multitude of different areas and support across the community and local areas.

- **Search and rescue teams**
- **Grief counselors for family, friends, and victims**
- **People to go into the schools and educate our children on how to be safe**
- **Private Investigators**
- **Hope Alive 845 workshops and events**
- **Materials for informing the public, getting their help, and spreading awareness**
- **Better systems to help aid law enforcement**
- **Ability to maintain the Hope Alive 845 organization as a whole**

More resources and support systems are being planned for the future as we continue to grow and have more funds available.

## Why choose us?

Like any other nonprofit organization, we rely solely on donations, sponsorships, and grants. There are good reasons to choose Hope Alive. Unlike many of the much bigger not-for-profits that do the same work as we do, our Hope Alive 845 organization services on a local level. It has more to offer to our community. Other organizations cannot and do not have the resources or time to go to every community every time someone goes missing, but we can and we do. We are committed to our local communities. We offer a safe haven for those who can give us leads that they may have. Those who are not comfortable going to higher authorities know they can comfortably trust in Hope Alive.

# Benefits

As a contributor I might query "How does this benefit me?"

The many benefits of being one of Hope Alive 845's supporters, sponsors, or donators include:

- The knowledge of knowing that you have done something good for your community.
- Free advertisement on our platforms, workshops, and events.
- Charity tax deductible credits.
- The positive reputation of giving back to the community that keeps you moving.

Support Hope Alive 845. Do this to truly be of help to our community. You will be very glad that you did!
