DIRECTOR'S MESSAGE

Nursery Growth & Activities Update: Nurturing Roots, Growing Futures

We are delighted to share exciting progress from Nyamonge Model Nursery School as we continue to expand opportunities for our youngest learners and strengthen our community partnerships.

“The planet gets only one opportunity to experience your unique and powerful contributions, so share all that you are capable of at this moment” (Eric Jensen).

Environmental Day – Tree Planting with Preschoolers & Grade Ones

This quarter, our preschool and grade one learners actively participated in **Environmental Day** by planting trees on campus. The activity was designed to teach children the importance of trees, how to plant them, and the types of trees recommended in a learning environment. Beyond the hands-on experience, it instilled values of sustainability, responsibility, and care for nature—helping our children grow as guardians of their environment.

Generous Donation from SPURS Women Group

We were honored to receive a thoughtful donation from the **SPURS Women Group**:

- 30 lockable desks for Grade One
- 30 chairs and 12 classroom tables for the Play Group class

The group also paid a follow-up visit, reinforcing their support and exploring partnership opportunities with the school. Their contribution has greatly enhanced our learning spaces, ensuring comfort, security, and a stronger foundation for academic growth.

Expanding Our Model Nursery School

A major milestone this year is the addition of **Grade One** to our nursery program. This marks the beginning of our long-term vision to grow into a full-fledged primary and junior school in the coming years. Each step forward strengthens our commitment to holistic education, blending play, academics, and environmental stewardship.

Oceanic Bubbles Bottling Plant Update

We continue to follow up on regulatory approvals for the **Oceanic Bubbles water bottling plant**. All required documents have been submitted, and we await final clearance to ensure compliance with government standards. This project remains central to our mission of providing clean water to over 1,800 Nyamongeans.

Closing Note

From tree planting to classroom improvements, every achievement reflects the power of partnership. Together, we are not only creating safe, joyful spaces for children but also laying the groundwork for a sustainable future.

Your support continues to make these milestones possible—thank you for believing in our vision of brighter futures through education, sustainability, and community empowerment.

Sister Celine Omolo, FSJ, Ed. D
Director, Franciscan Training College Nyamonge

Table 1. Goal of the Project

Title: Provide-Clean-Water-To-Over-1800-Nyamongean		
Objective: -Drill a borehole		
<ul style="list-style-type: none"> - Install a Hybride solar pump - Install a water tower - Install a digital kiosk/ a water bottling plant 		
Particulars	Allocation	
Amount	Ksh.	US \$
Borehole Drilling	2,070,000.00	20,700.00
Water Tower & Solarization of The Pumping System	2,401,100.00	24,011.00
Digital Water Kiosk	7331.33	7,331.33
Water Bottling Plant	24,000.00	2,400,000.00
Project Total	5,204,233.00	52,042.33
Global Giving Target	4,500,000.00	45,000.00

This is work in Progress.

GLOBAL DISBURSMENT

Disbursement ID:		Below	
Project Title:		Provide-Clean-Water-To-Over-1800-Nyamongees	
Institution:		St. Francis Training College Nyamonge	
Date	Activity	Disbursement ID	Amount \$
10/25/2021	September Global Giving Accelerator	387586	\$ 607.33

10/24/2025	Matching Grant	737548	\$522.20
Total			\$ 3,779.70

*Note: There was no disbursement this quarter

PROJECT STATUS

Table 2: Project Status

ACTIVITY	SOURCE OF FUNDS	AMT US \$	Status
1. Drilling Borehole	Total Cost	20,700.00	Complete
2. Actual Borehole drilling	Direct funding	19,309.36	Complete
3. Water Pump Installation	Global Giving Disbursement	607.33	Complete
	Global Giving Disbursement	305.06	
	Global Giving Disbursement	590.83	
4. Solarization of the pump	Direct Funding	5,300.00	Complete
5. Plumbing work	Global Giving Disbursement	305.61	50% work done
	Global Giving Disbursement	263.25	
6. Water Tower	Direct Funding	20,000.00	Complete
7. Plumbing Work	Global Giving Disbursement	\$ 293.43	100% work done
8. Water Bottling Plant	Direct Funding	24, 000.00	Complete
9. Plumbing work	Global Giving Disbursement	\$ 21.25	90% work done
10. Bottling plant regulations	Global Giving Disbursement	\$793.32	95% work done
11. Outdoor Playground	Direct Funding	10,300.00	50% work done
12. Outdoor Play Equipment	Global Giving Disbursement	\$77.42	70% work done
13. Outdoor Play Equipment	Global Giving Disbursement	\$522.20	95% work done
14. Desks, Tables & Chairs	Direct Funding	\$775	80% work done

*Note: Phase one, Phase two, Phase three, and Phase four of the project was cleared with direct funding and funds from the Global Giving disbursement.

OUTLOOK FOR FUTURE YEARS

Roots to Wings – Building a Full Learning Journey

Looking ahead, Nyamonge Model Nursery School envisions steady growth into a **full-fledged primary and junior school**, expanding one grade at a time to provide a continuous, nurturing learning pathway for our children. With the foundation of strong community partnerships, such as the support from the **SPURS Women Group**, and the integration of environmental stewardship into our curriculum, we are confident in creating a holistic education model that balances academics, play, and sustainability. Future years will focus on strengthening infrastructure, enhancing child-centered facilities, and deepening our environmental programs—ensuring that every learner not only thrives academically but also grows as a responsible custodian of their community and environment.
