

## Summary

This is an initial project report to provide an update on the delightful story that this project represents.

As of today, we have received no donations; however, we have underwritten the project for its first two years and have taken the bold step of providing a home for Sharda, her disabled daughter (Sadiksha) and older sister (Samikshya) and Reecha (another disabled girl who we have supported over a number of years).

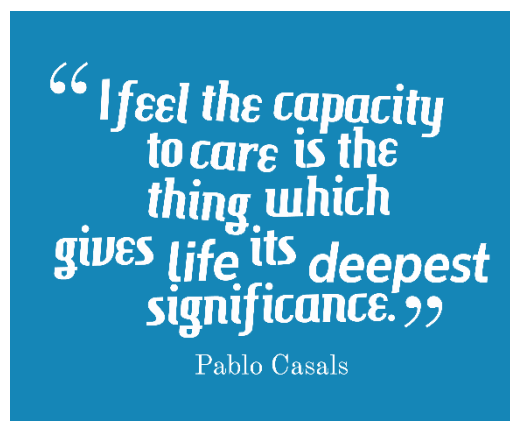

A video of the home opening can be found on our facebook page.

Our focus now is to tell this wonderful story in a way that will engage others; for it is a long-term commitment.

In the coming two years we must ensure that we can find enough support to ensure that this wonderful mum will be able to continue caring for the girls in the home we have provided,

## We Can all make a difference

In today's world we all face many challenges, and both 'Covid-19' and 'Climate Change' show us that these challenges are universal. Those with disabilities, those who are poor and those without welfare support face even bigger challenges than most of us.

What is also clear is that we each have a part to play in meeting the world's challenges, be it getting vaccinated, recycling; or helping others less fortunate than we are.

And as we choose to make a difference in the lives of others, so too our own life is changed. When we bring light and life to those living in the shadows so we bring the same into our own lives.

## An Invitation

This first GlobalGiving report is an invitation to share in making a difference for Sharda, Samikshya, Sadiksha and Reecha, please join us with a regular contribution so we can secure their future as a beautiful and cared for family.

What can we achieve together?

Although the project budget looks quite daunting, when we look at it over its ten-year commitment and then break it down by sharing the load, it becomes very achievable;

imagine 20 regular supporters and then it's only \$50 a month.

Apartment Rent	3470
Furniture fittings & modifications	500
Food & Consumables	2000
Sadiksha/Reecha medical needs	500
Mother's carer payment	2000
Tuition & support	1000
Total, start-up and year one	\$9470
<b>Ten Year commitment</b>	<b>\$120,000</b>

Thank you taking time to see what we are trying to achieve

With Covid-19 restrictions we cannot hold fundraising events, but perhaps we are heading toward a more compassionate world; perhaps the era of "giving" is becoming infectious.

Peace & Love,
