ANIVERSARIO

# ACTIVIDADES MARZO

## Convenio INMUJERES Tonalá

At VIFAC Guadalajara, we signed a collaboration agreement with Inmujeres Tonalá to strengthen the VIFAC Mobile Program. Through this partnership, each outreach event will be able to offer services such as vitamin distribution, vaccination programs, and workshops on violence prevention, all provided by the institution. This collaboration will also help strengthen referral pathways for women who require VIFAC's residential and comprehensive support services.

## Baby shower

On the occasion of the Feast of the Annunciation (March 25), a Baby Shower was organized by the Knights of Columbus and Our Lady of Zapopan Stadium Parish. Our beneficiaries attended the event to receive the donations that had been collected on their behalf.

We are filled with gratitude and joy to be supported by a parish community that cares deeply for women and for life itself, demonstrating this commitment through concrete acts of kindness such as this event, which was thoughtfully prepared with so many expressions of love and generosity.

## Actividades Abril 2026

We were invited to visit the municipalities of Mazamitla and Tamazula to present VIFAC's mission and services to municipal leaders, Health Center directors, and first-contact personnel from several communities in the region, including Pihuamo, Jilotlán de los Dolores, Tecalitlán, Santa María del Oro, Quitupan, Valle de Juárez, La Manzanilla de la Paz, and Concepción de Buenos Aires.

The purpose of these meetings was to provide information about the services offered by VIFAC while strengthening collaboration and networking with local governments and institutions.

Through these visits, we seek to build strong and lasting relationships so that each Health Center can count on VIFAC as a trusted ally, facilitating support and accompaniment for any woman who may need our services.

The closing ceremony and graduation of our Barbering Workshop was held, marking a joyful and proud moment for all participants.

The graduates received their certificates, a reflection of the effort, dedication, and commitment they demonstrated throughout the program. They now complete this stage equipped with new skills and tools that will help them pursue entrepreneurship opportunities and continue advancing toward their personal and economic development.

VIFAC celebrates this important achievement and recognizes the enthusiasm with which each participant is preparing to embark on new paths and opportunities for the future.

# Our Playroom Is Now Open!

We are delighted to announce the opening of our new playroom, a space specially designed for the care and well-being of babies.

This new service allows mothers to continue their education, training, and personal development activities with the peace of mind that their children are in a safe, nurturing, and attentive environment.

At VIFAC, we remain committed to creating opportunities that foster the holistic development of every woman and her family, helping them build a brighter future with confidence and support.

# USEM Business Leaders Meeting

The purpose of this event was to build relationships that create opportunities for meaningful and dignified employment for our beneficiaries.

This initiative seeks to facilitate the workforce integration of women once they complete their process at our residential program, promoting their independence and personal development. Through partnerships such as these, VIFAC continues to strengthen alliances that help create a future filled with greater opportunities for every woman we serve.
